50 CENTS PER MONTH

GENERAL BATTLE RAGES AT RHEIMS

FIGHTING OF FRENCH AND GERMANS CLASH ON LONG WAR LINE

Invaders Battle as Painful Retreat Lags in Rain Drenched Country—Both Allies and Germans Are Heavily Reinforced

PARIS, Sept. 16.—A general battle has been in progress since Monday along the whole Franco-British-German lines on the north and east of Paris, according to the Bordeaux war office announcement at 3:30 p. m. The Germans are said to be taking the offensive nowhere. The announcement says:

"The German main body of troops has been reinforced and has been fighting defensively along the entire line north of Noyon, Soissons and Laon to a point north of Rheims, thence through Ville Sur and Lorraine."

General Gallieni pronounced the situation as excellent from the allies' viewpoint. While it is known positively that the Germans have been reinforced, it is reported that fresh troops, presumably from India, have arrived to help the allies. The expectation was that when the veil lifts an enormous British force will be revealed in the field. The French-British plan is to continue the pursuit of the Germans relentlessly, giving the enemy no time to reform. The allies report that the rains have handicapped the Germans most seriously, involving constant danger of the miring and capture of the heavy tractor-drawn guns. It is understood that the Germans taken prisoners are being sent to Algeria. It is officially stated that dozens of German spies have

been executed in the field. Some of these spoke English and claimed to be Americans.

Enemy in Strong Position

PARIS, Sept. 16.—War experts admitted today that the German position north of the River Aisne is the strongest they have held since invading France. The defensive conditions are ideal, it is stated. However, confidence is expressed that they will be overwhelmed by the numerical strength of the allies. The British are attempting the further crumpling of the right wing of the Kaiser's forces.

French Hold Upper Alsace

BORDEAUX, Sept. 16.—War Minister Millerand told the cabinet today that the fighting at the front is progressing satisfactorily. The Germans, while they have stopped their precipitate flight, are still slowly retiring and are being repulsed whenever they attempt to make a stand.

There are evidences of renewed German activity at Lorraine and of considerable fighting near Belfort. Most of upper Alsace is in the hands of the French. General Joffre has reported that his principal difficulty was in restraining the ardor of his own troops.

Kaiser Off to East

The Kaiser has decided to go to East Prussia for a personal investigation of the situation, according to the Petit Journal.

American Merchant in London Orders His Men to Fight for England

Harry Gordon Selfridge, formerly of Chicago, and owner of London's "American" department store, has notified his heads of departments to intimate to every man in his employ between the ages of twenty and thirty-five, unmarried, that they enlist immediately or resign their positions.

In fact, Selfridge several weeks ago announced in a public meeting of his employees, he was ready to pay half wages to the wives of all men in his employ who enlisted. This resulted in about thirty per cent of the eligible employees enlisting.

SERBS BEATEN BY AUSTRIA IS CLAIM

Berlin Announces Disaster to Enemy—Will Invade Russian Poland

BERLIN (via The Hague), Sept. 16.—The overwhelming defeat by the Austrians of the Serbian invaders under Crown Prince Alexander was announced today in the official Vienna reports. It was stated that the Serbians were driven back across the River Save with heavy losses.

New plans for the western campaign are working satisfactorily, the general staff declared, and the Russian invaders in East Prussia are being continually repulsed. General Hindenburg reported that he is attacking the Czar's line of communication east of the Vistula with good prospects of creating such havoc that the Russians will be forced to withdraw strong forces from Galicia to protect their lines.

A German invasion of Russian Poland with Warsaw as the objective is said to be contemplated.

BERLIN (via The Hague), Sept. 16.—The war office announces that the Germans have checked the Franco-British advance in France. It also stated that in many places the French have been repulsed; and that the allies were sweepingly victorious in the battle of the Marne is denied. The war office stated that German aviators had reported the enemy numerically overwhelming, whereupon the Germans withdrew to strong positions which they had decided to occupy in the event of such discovery.

Liege Abandoned by Teutons

It has been officially announced here that the Germans have abandoned Liege.

Why Liege has been abandoned is not known. It is reported that the German lines of communication had been threatened, but no intimation has been received that any strong force, other than the Belgians, is operating against the Kaiser in Belgium, and it is doubted if they alone could re-take Liege. It is more probable that the Kaiser's troops were ordered sent into France to aid in the warfare there.

Dankl's Surrender Denied

VIENNA (via Rome), Sept. 16.—Reports that General Dankl's army in Northern Galicia has surrendered is denied at the war office. It was admitted that the army had been nearly cut off by the Austrians, but it was asserted that the Austrian main force, Austrian losses are admittedly heavy. It is denied the Russians have invested Przemyśl.

OAKLAND AVIATOR MET DEATH IN PUEBLO FLIGHT

PUEBLO, Colo., Sept. 16.—Aviator Weldon Cooke of Oakland was killed today. His machine collapsed at a height of several hundred feet in the air while Cooke was giving an exhibition flight.

INDIANS JOIN ALLIES WAR FRONT

Rushed to Battle Line by Rail After Suez Trip to Pound German Right Wing

ALLIES COUNT SITUATION AT AISNE FAVORABLE

Germans Repulsed in Counter Attacks With Loss of Men and Positions

LONDON, Sept. 16.—The first detachment of native Indian troops reached the allies' battle front in France today.

The Indians came via the Suez Canal and landed in France, then were rushed to the front by rail. The forces are mostly cavalry. It is believed their first business will be to help General French envelop the German right wing.

LONDON, Sept. 16.—At 7 p. m. the war office bulletined the following: "The general situation on the river Aisne continues favorable. The Germans have delivered several counter attacks, especially against the first army corps. These were repulsed and the Germans were forced to give away slightly. The German losses continue to be heavy. We captured 200 troops today."

Italy May Join Allies

LONDON, Sept. 16.—It is believed today that Italy is preparing to join the allies against Germany. Confidential advices from diplomatic circles today indicated that anti-Austrian feeling is at fever heat.

60,000 Teutons in Belgium

ANTWERP, Sept. 16.—Sixty thousand German troops are being rushed into Belgium from Aix la Chapelle. It is uncertain whether they are bound for France or to strengthen the German garrisons in Belgium. The Belgians are holding Antwerp fortifications awaiting developments. The Germans in Brussels are receiving reinforcements and it is suspected that a German attack on Ostend is planned.

Japanese Take R. R. Station

TOKIO, Sept. 16.—That the Japanese have captured the Kiau Chau railroad station, five miles from the bay, was announced today.

U. S. TROOPS TO LEAVE VERA CRUZ

Sec'y of War Garrison Issues Formal Order—Border Will Also Be Cleared

WASHINGTON, Sept. 16.—The formal order for the American forces to evacuate Vera Cruz was issued by War Minister Garrison today. He stated also that all except small patrols will be withdrawn from the international border.

Announcement was made by President Wilson yesterday afternoon of the proposed withdrawal of the United States forces from Vera Cruz. The withdrawal will take place just as soon as arrangements can be made for the delivery of the city to properly constituted Mexican authorities. The president's statement on the subject was limited to the following: "The troops have been ordered withdrawn from Vera Cruz. This action is taken in view of the entire removal of circumstances which were thought to justify the occupation. The further presence of the troops is deemed unnecessary."

The president's decision to withdraw the American forces from Vera Cruz was communicated to the secretary of war and the other members of the cabinet at the meeting, yesterday morning, after the president's arrival from Cornish.

Agent's Report Decides Wilson Wilson's decision was based on a report from Paul Fuller, the New York lawyer who succeeded John Lind as special agent of the president in Mexico and who left for the United States last week, after several days of conference with General Carranza at Mexico City.

It is understood that Mr. Fuller re-

THE FATALITY OF FACTS VERSUS THE FUTILITY OF FUSTIAN

Returns from the primary election are now practically complete from every precinct in the state. Only Lassen county is missing.

Governor Johnson carried thirty-eight counties, and John D. Fredericks nineteen.

Governor Johnson received 136,084 votes throughout the state.

Fredericks received 108,585 votes.

Curtin, Democratic candidate, received 28,405.

Johnson received almost as many votes as Fredericks and Curtin combined.

Governor Johnson's name was printed on only the Progressive ballot. It was not printed on any other ballot.

Johnson's name was written in on more than 3000 Republican ballots in Los Angeles county alone.

The Johnson and Fredericks vote for the Southern California counties is as follows:

	Johnson	Fredericks
Imperial	755	703
Los Angeles	30,153	32,204
Orange	2,022	2,327
Riverside	2,605	2,327
San Bernardino	2,068	3,509
San Diego	3,889	7,558
Santa Barbara	1,050	1,302
Ventura	920	1,490

Naturally, Fredericks is strong in Southern California, but his weakness in the north is well shown by the comparative vote in four of the larger counties:

	Johnson	Fredericks
Alameda	23,037	7,979
San Francisco	18,921	11,372
Sacramento	7,787	3,748
Santa Clara	4,466	3,440

These figures were compiled by the Riverside Press, the editor of which, E. P. Clarke, is the most inveterate and accurate statistician and the most careful and conservative compiler and analyzer in the state.

REACTIONARY LEADERS SCORED FOR TRYING TO FOOL PEOPLE

SACRAMENTO, Sept. 16.—Characterizing the attempt to steal the credit for the policies of the present state administration as "the tardy tribute which hypocrites pay to real achievement," Governor Hiram W. Johnson yesterday afternoon vigorously assailed the reactionaries of California. He told the members of the Progressive convention that he proposed to tear off the mask from this hypocrisy and to make it plain to the people just what are the invisible influences behind the Fredericks candidacy.

"We are treated today to the most remarkable political spectacle in the state's history," declared Governor Johnson. "After four years of the most bitter abuse and vilification, the traducers of our progressive policies now execute an intellectual somersault and assert that what has been done was well done—and done by them. They are attempting to steal our clothes and in our governmental attire to go before the people claiming that they are we."

"The issue is, can they get by with it? Can Eddie Wolfe and Martin Kelly and Milton Schmitz and others of their sort fool the people? I firmly believe they cannot."

The governor's address briefly epitomizes the odd political situation that has developed here. In both the Republican and Democratic conventions the program seems to be to out-progress the Progressives and to grab bodily the big accomplishments of the last four years and claim credit for their enactment. Nothing like it has ever occurred in any political campaign in this state and it is absolutely unique in the country.

HURRAH FOR HENRY, HE HELPS SOME

Francis J. Henry was called for and made a speech which roused the delegates still more. He declared that the election of Johnson was the paramount issue and that if either he or Johnson must be defeated he would be glad to step down and fight in the ranks for the governor.

The state would go back twenty years in reform government, he said, if Johnson lost. But in his opinion Johnson will win.

"CALIFORNIA" RENAMED "SAN DIEGO"—JOYOUS DAY

SAN DIEGO, Sept. 16.—San Diego is celebrating today the rechristening of the cruiser San Diego, formerly the California. Mayor O'Neil proclaimed a holiday and business has been suspended. A parade of bluejackets through the streets was witnessed by thousands. The ceremonies aboard the ship were short but impressive.

WORLD PEACE TAKEN UP AT EXPOSITION

CHICAGO, Sept. 16.—The Red Cross movement and the cause of the world peace are given foremost recognition in the program for the Home Exposition which opens in the Coliseum here tonight. The proceeds tonight will go to the American Red Cross Association and a big peace pageant will be given tomorrow.

The exposition is under the auspices of the Home Circle, a federation of women's charitable organizations. It will continue for ten days.

A CORRECTION

Through misinformation the Register stated yesterday in a news item that the auto which ran into and injured Frank Ramero was one belonging to the Taylor bus line. This was an error. The car did not belong to Taylor at all.

CONQUEST OF EAST IS VAST

Czar Says Galician Victories Greatest in History of World's Warfare

DANKL'S ARMY MESHED IN SAN RIVER BOGS

Cossacks Said to Have Invested Przemyśl—Czar Seeks to Gain Territory

PETROGRAD, Sept. 16.—"General Dankl's forces have been cut off from the Austrian center and are unable to reach Przemyśl," was announced by the Russian war office. General Dankl with General Von Auffenberg recently invaded Russian Poland. His force was trapped in the San River bogs into which he hoped to entice the Russians. The Cossacks penetrated westward into Galicia and completely invested Przemyśl. The capture of Archduke Karl Franz is expected shortly. Russian victories in Galicia are the greatest ever recorded in warfare.

Serbian Troops Rushed North NISH, Sept. 16.—According to Serbian reports, Crown Prince Alexander is rushing his advance northward into Austria-Hungary, and is presumably bound for Budapest. It admitted he expected stronger opposition when he got out of the district populated by the Slavs. In Bosnia, the Serbian and Montenegrin forces are pressing the Austrians toward Sarajevo.

Czar After Territory

BUCHAREST, Sept. 16.—The Russians are reported today as penetrating into Austrian Transylvania through the Carpathian mountains from Galicia and Bukovina in large numbers. It is believed the Czar desires to be in possession of as much as possible of eastern Austria-Hungary when peace shall be made.

MOSQUITO WAR SHIPS MAY BE IN FIGHT

Not Believed Russian Fleet Was Engaged With Big German Men-of-War

LONDON, Sept. 16.—No further news of the Baltic naval battle reported to be on yesterday between the German and Russian fleets has been received. Petrograd dispatches today referred vaguely to the presence of German ships in the Gulf of Finland and the bombardment of "unprotected positions," but on account of unintelligent censorship, the messages were not understood.

Naval experts do not believe the main Russian fleet was in the reported action. From latest accounts the Russian fleet was in the Gulf of Finland, outclassed by the German force, and is not likely to venture out. The entrance is heavily mined. It is more likely that smaller vessels engaged the Kaiser's fleet hoping to inflict some damage and escape before they were destroyed. The firing was reported as off the Aland Islands.

27 WRECK VICTIMS RECOVERED TODAY

ST. LOUIS, Sept. 16.—The banks of Bush creek, two miles south of Lebanon, are being searched today for victims of the St. Louis-San Francisco train wreck. Twenty-seven corpses have been recovered. It is believed that at least fifteen others were washed away.

WEATHER FORECAST

Generally fair tonight and Thursday; light north winds.

FOR CONFERENCE OF METHODISTS

German Branch of Church Holds Annual Meet at Stockton

STOCKTON, Sept. 16.—The German Methodist Episcopal Church opened its twenty-fourth annual state conference in this city today. Bishop Frances J. O'Connell of Mexico presiding. A large number of delegates, many of them being prominent clergymen, are in attendance.

One of the principal features of the conference will be the address to-night of Bishop O'Connell, who will describe conditions in Mexico from a religious point of view and also tell of the progress the denomination has made in that country. Other prominent speakers are the Rev. G. A. Miller of San Jose, the Rev. J. A. Muffinger, the Rev. E. Klawitter, the Rev. C. F. Kuhnle, the Rev. G. Guth and Mrs. Mavely and Coker.

Contemporaneously with the conference, the Women's Home Missionary Society will meet, the chief speaker being Mrs. P. H. Botkins, president of the national branch. Local committees, headed by the Rev. J. Vogel, pastor of the German church, have completed plans for entertaining the delegates.

TO RECONSIDER SECTION OF ANTI-TRUST BILL

WASHINGTON, Sept. 16.—Conferees of the Senate and House on the Clayton anti-trust bill reached a tentative agreement yesterday to restore to the bill section 2 of the measure as it passed the house, which was aimed at price discrimination, with some modification and the omission of the penalties carried by the House bill, and also to restore section 4 of the House bill, less the penalties, aimed at price fixing contracts.

The agreement is but tentative and may be upset in the future conferences.

WANTS NO "WHITE LIES" AT FUNERAL

MINNEAPOLIS, Minn., Sept. 16.—Asserting that he does not want any "white lies" told at his funeral and that he wanted no weeping or mourning "when he put out to sea," the Rev. G. L. Morley, Minneapolis evangelist, known from coast to coast as "Go Lightly" Morley, is today preparing to "can" his funeral oration.

He will have a photographic record made of one of his favorite speeches. Then he will incorporate in his will a request that this be played at his funeral. He is in perfect health now.

HOT SHOT FIRED BY ANCIENT ENEMIES

Routine Business for Early Convention Hours—Plums for the Defeated

SACRAMENTO, Sept. 16.—The routine of the Progressive, Republican and Democratic conventions was broken only today by a fiery speech from Frank H. Short of Fresno, who kept the Republicans "gingered up" while waiting for the platform committee's report. John D. Fredericks and Joseph R. Knowlands will speak following the report of the committee. The Progressives will re-gather at 2 o'clock.

The Republicans and Progressives are laying off the Democrats and hurling hot shot at one another. The Progressives claim that the Republicans are attempting to take credit for Progressive accomplishments.

State Senator Frank Benson of San Jose yesterday afternoon was elected chairman of the Progressive state convention, and E. F. Howe of El Centro was made permanent secretary. John D. Fredericks, Republican nominee for governor, appears to be in complete charge of the Republican convention. It is asserted that Francis Keessling will be chairman of the state central committee, and Walter R. Bacon, Fredericks' campaign manager, will be chairman of the state executive committee.

The Democrats have decided upon a defeated aspirant for head of the state central committee. He will be Frank D. Hall of Bakersfield and Robert P. Troy of San Francisco will be secretary. Assemblyman John W. Stuckenbeck of Acampo has been chosen as chairman of the convention. The Socialists and Prohibitionists also are meeting in Sacramento. It is understood that harmony will prevail in their ranks.

JAS. E. SULLIVAN IS DEAD IN NEW YORK

NEW YORK, Sept. 16.—James E. Sullivan, secretary and treasurer of the Amateur Athletic Union, died today. He was operated on Monday for intestinal and stomach trouble. He attended the athletic games on Friday and Saturday at Baltimore, where he was stricken.

Weakened by long suffering, Sullivan was unable to recover from the operation. He was director of athletics in San Francisco.

COMMITTEES FOR CAMPAIGN WORK

Republicans Complete Arrangements for Speaking Tour of County

The Republican County Central Committee met yesterday afternoon at 2:30 at the city hall, at which time the various committees were announced and steps taken toward complete organization for the work of the campaign. Details of the Needham meeting at Anaheim tomorrow were worked out, and everything is in readiness for the visit of the congressional candidate to Orange county.

At the meeting yesterday Chairman Duckworth named the following committees:

Executive Committee—W. W. Wilson, S. M. Reinhaus, R. T. Davies, W. S. Gregg, M. R. Heninger.

Finance Committee—C. S. Kelly, R. A. Cushman, R. E. Larter, Robert McKee, K. E. Watson.

Publicity Committee—W. O. Hart, E. S. Wallace, D. W. Hasson.

Speaking Committee—E. S. Wallace, R. T. Davies, W. O. Hart.

Fredericks Will Tour County

Capt. John D. Fredericks, Republican candidate for governor, will make a tour of Orange county on Monday, September 21. The first meeting to be held in the county will be at San Juan Capistrano, where the gubernatorial candidate will arrive at 12:30. A goodly delegation from Santa Ana and other parts of the county will meet the Fredericks party at the Mission City and will escort him on his tour. The committee has been promised that autos to the number of about seventy-five will be available for the trip to Capistrano. This meeting will take the form of a regular picnic. Parties going from here will take their lunches with them and will reach San Juan Capistrano in time to

FALL MILLINERY OPENING

Friday and Saturday, September 18 and 19

We place on display the largest and most complete stock of ladies' street and dress hats ever shown in Orange county. Do not overlook the fact that this Big Daylight Store is in a position to save you money on Millinery. For Friday and Saturday only we will give DOUBLE THE AMOUNT OF GREEN TRADING STAMPS on every hat purchased priced at \$5.00 or more.

We are also showing exclusive styles in Fall Coats, Suits, Dresses, Waists, Silks and Dress Goods. Notwithstanding the fact that all materials have increased in price we have not made any advances, as our stocks were purchased several months ago. Come in Friday and Saturday. Plenty of room in the Big Daylight Store.

CROOKSHANK-BEATTY COMPANY

enjoy a picnic dinner before the meeting.

Captain Fredericks' itinerary for the trip through Orange county is as follows:

Capistrano—Arrive 12:30 p. m., leave 1:30 p. m.

Tustin—Arrive 2:30 p. m., leave 2:40 p. m.

Santa Ana—Arrive, 3 p. m., leave 3:45 p. m.

Orange—Arrive 4 p. m., leave 4:30 p. m.

Anaheim—Arrive 5 p. m., leave 5:30 p. m.

Fullerton—Arrive 5:45 p. m. Evening meeting.

ELKS GAMBOL IN ORANGE TOWN

Antlered Herd Gather in Neighboring City for High Jinks Last Night

There was a hot time in the old town last night—meaning Orange—for a herd of Elks had wandered into the green pastures of that bailiwick to browse around and otherwise amuse themselves. They came in droves and singly—in autos and whatever other means of conveyance was most convenient, and at 8 o'clock a large flock of them were herded about the Plaza, where the Santa Ana Band, which arrived there at an early hour, was discoursing a variety of music suitable to the occasion.

A committee consisting of members of the lodge who reside in Orange had prepared a program of excellent musical and vaudeville numbers, and also a splendid feed, which was done ample justice to after the entertainment feature. The musical numbers were as follows:

Overture.

Miss Florence Thorne in rag songs.

The Musical Coppelias—Novelty instrumental.

John Brace, comedian.

Hazel Burke, balladist.

Eddie Gambol, juggling waiter.

Bessie Delitch, vocalist.

Lawrence and Nolan, "peanuts."

The various numbers were well rendered and received with enthusiasm.

The meeting last night was one of a series of its kind that has been conducted during the summer, carrying out a custom of visiting the various towns of the county which come with in the jurisdiction of Santa Ana lodge, and these visits have been productive of much good feeling in the various communities and much pleasure to those who have been fortunate enough to attend them.

Large assortment of black eardrops, 50c and 75c at Padgham's. See window.

LATEST FIGURES ON MAINE ELECTION

PORTLAND, Me., Sept. 16.—Unofficial returns for governor from Monday's state election covering all but a few small towns, give Oakley C. Curtis, Democratic mayor of this city, a lead of 2300 over Gov. William T. Haines, his Republican opponent. The standing was 58,497 for Haines, 61,832 for Curtis and 17,860 for Halbert P. Gardner, the Progressive candidate.

Complete unofficial returns for the state legislature show that the Republicans will have a majority of three in the Senate and the Democrats a majority of five in the lower branch, and two on joint ballot. According to these returns, the Senate will consist of seventeen Republicans and four Democrats, and the House of Representatives of sixty-seven Republicans, seventy-eight Democrats, five Progressives and one Democrat-Progressive.

CLOGGED NOSTRILS OPEN AT ONCE, HEAD COLDS AND CATARRH VANISH

In One Minute Your Stuffy Nose and Head Clears, Sneezes and Nose Running Cease, Dull Headache Goes

Try "Ely's Cream Balm."

Get a small bottle anyway, just to try it—apply a little in the nostrils and instantly your clogged nose and stopped-up air passages of the head will open; you will breathe freely; dullness and headache disappear. By morning the catarrh, cold-in-head or catarrhal sore throat will be gone. End such misery now! Get the small bottle of "Ely's Cream Balm" at any drug store. This sweet, fragrant,

P. E. OFFICIALS INSPECT LINES

Traffic Manager Pontius Believes Salt Lake to Be in Earnest

D. W. Pontius, traffic manager of the Pacific Electric railway; F. L. Anabel, general superintendent; O. P. Davis, superintendent of the southern division, and F. C. Weeks, traveling freight agent, composed a party which passed through Santa Ana this morning on an inspection tour of the Orange county lines, including the sugar factories and the general shipping district of the county.

In regard to the Fourth and Main street curve franchise matter Pontius said that in a conference he had recently held with the Santa Ana City Trustees a basis of agreement had been reached and that he expected the matter to be settled in a short time.

Pontius believes that the Salt Lake really intends building a line through Orange county from Los Angeles to San Diego.

"It appears to me that the Salt Lake is in earnest," said Pontius. "I look for action soon from that railway."

GEN. JOFFRE SAYS FRENCH COMMAND WAR SITUATION

PARIS, Sept. 16.—A candid statement of General Joffre regarding the sort of warfare his troops are capable of waging, indicates that the French are now in a position to take up the gage of battle on their own terms and in a country of their own choosing.

General Joffre is now a national hero, after conducting the great retreat that caused him to be called many hard names. He declares that the strict discipline of the German soldier made him an ideal instrument for a crushing onslaught with superior numbers, while the French soldiers without adequate fortified bases, and in a generally level country, could not assume that extended order under which they make the best showing.

So far as the moral effect goes, the recapture of Rheims probably means more to the French army than the rolling up of the German left wing beyond Verdun, so that the battle line on the Aisne, already the scene of sanguinary fighting, is today undoubtedly the arena of a stubborn struggle of the fiercest description.

WOMEN SEEK DEFEAT OF ANTI-SUFFRAGE MEMBERS CONGRESS

CHICAGO, Sept. 16.—On a mission to advance woman suffrage in the United States Congress by focusing the attention of the women voters of nine suffrage states in the West upon the approaching congressional elections, a party of women, members of the Congressional Union at Washington, D. C., have arrived in Chicago.

"We are going into these states where women have equal suffrage," declared Mrs. Jessie Hardy Stubbs, the vice-chairman, "to defeat Democratic candidates for re-election to Congress. These nine states, California, Oregon, Washington, Utah, Idaho, Wyoming, Colorado, Arizona and Kansas, have equal suffrage. We are going to ask them to withhold their support from the Democratic candidates."

GERMANY'S FOOD SUPPLY

THE HAGUE, Sept. 16.—Can Germany be starved out? The question has been asked a thousand times. If the chancelleries of England, France and Russia knew the answer, one of the biggest problems of the military strategists would be solved. Opinions on this mooted point vastly differ. It is true that Germany has been dependent to a large extent on overseas food supplies, but the recent assertion of a writer on economic subjects that one-third of Germany's foodstuffs is imported, is called a gross exaggeration. Germany does import something over five per cent of her meat. She also requires about 1,000,000 tons of wheat from abroad. Her imports of grain are much larger in times of peace. However, her heavy exports of rye to Russia have ceased. This grain remains in the Fatherland.

One awkward question is that of fodder. The vast amount of fodder that Germany needs and uses in times of peace comes from Russia. The supply from the Czar's domains stopped before the German straw crop was available. This means that a large proportion of the young cattle must be slaughtered out of hand—an alarming proportion, in fact according to some.

Santa Ana Painless Dentists, 102 1/2 East Fourth St. Main 253.

THE MUSICAL SHIRLEYS

VOTE CALIFORNIA DRY

THE WETS' CONFISCATION HOBBY EXPLODED

In Volume 2, Nos. 3 and 4, Monthly Bulletins of State Commission on Horticulture, published in March and April, 1913, (before the dry campaign began) we find the following statements:

On page 484 Prof. F. T. Biolotti of the State University says:

"He (the wine grower) is selling his grapes at cost and receiving nothing for his time and expenditure of energy."

On page 492 Frank T. Swett of Martin says: "If the wine grapes of the San Joaquin had brought \$14.00 a ton instead of \$6.00 it would be a delight to consider the best ways of increasing vineyard acreage."

On page 497, Mr. Sweet says: "The average vineyard of the interior valleys has been run at a financial loss."

Page 512, H. F. Stall, secretary, California Grape Protective Association, says: "That the most serious difficulty is the labor problem. Prohibitive prices had to be paid to Japs and Hindoos ('Huh') but with the opening of the canal the influx of immigration from Southern Europe will help adjust this vexing problem."

The above shows there is nothing to confiscate, and pauper labor of Europe is their only hope.

Such of you voters as believe in the protection of American labor vote "DRY" and they will plant their land to something that will enable them to pay a living wage.

CALIFORNIA DRY COMMITTEE FOR SANTA ANA.

GERMANY'S FOOD SUPPLY

THE HAGUE, Sept. 16.—Can Germany be starved out? The question has been asked a thousand times. If the chancelleries of England, France and Russia knew the answer, one of the biggest problems of the military strategists would be solved. Opinions on this mooted point vastly differ. It is true that Germany has been dependent to a large extent on overseas food supplies, but the recent assertion of a writer on economic subjects that one-third of Germany's foodstuffs is imported, is called a gross exaggeration. AMUSEMENTS

PRINCESS THEATER

Thannhauser's \$1,000,000 Production, "The Million Dollar Mystery"

After their escape from the tramp freighter, Florence and Norton, feeling safe at last, board a train for New York. But they have reckoned without taking into account the most diabolical cleverness and cunning Braine. He has anticipated their every move, and on board the same train they see the Countess Olga, Vroom and several other members of the Black Hundred. Norton and Florence are still hoping for a chance to escape, ignorant as they are of the Black Hundred's determination to keep Florence away from Jones at all cost—when there is a terrific crash—and then oblivion. The conspirators have wrecked the fast express! Vroom is injured and he picks up the unconscious Florence, puts her into a buggy which he secures and takes her away to a cabin in the woods—a prisoner again. Jim Norton finds the countess, assists her to a farm house, and there learns of Florence's capture. He first wires Jones to send out a rescue party, then sets out for the cabin. The conspirators discover and attack him, but just at the moment of his and Florence's greatest peril, Jones and the officers arrive and again the conspirators are foiled.

"Aristocrats of Melody"

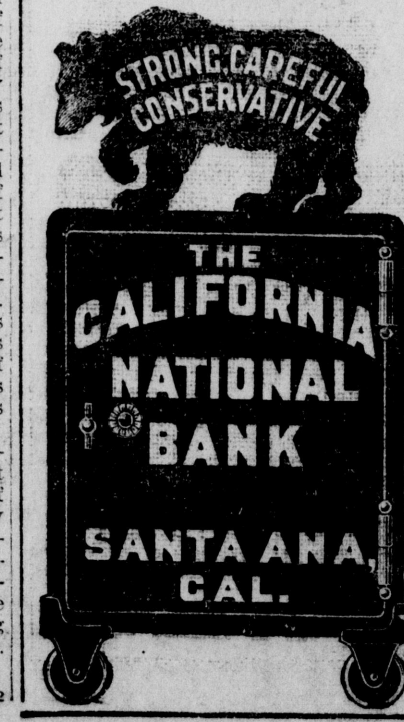

The Shirleys, three of them and all musicians, have a scenic musical novelty that is so great that it is being sent over the Bert Levey circuit as a feature act. The Shirleys are all accomplished performers on various instruments and the act they have created has brought them a great deal of favorable notice everywhere they have appeared. This trio will prove a welcome addition to Clune's bill for the last half of the week.

The Musical Shirleys have one of the most wonderful musical acts on the American stage. The electrical effects alone are well worth the price of admission.

Dizzy? Bilious? Constipated? Dr. King's New Life Pills will cure you, cause a healthy flow of bile and rid your stomach and bowels of waste and fermenting body poisons. They are a tonic to your stomach and liver and tone the general system. First dose will cure you of that depressed, dizzy, bilious and constipated condition. 25c all Druggists. —Advertisement.

GARDEN GROVE SCHOOL OPENS

Much Social and Industrial Activity—Many Personal Notes

GARDEN GROVE, Sept. 14.—The Garden Grove grammar school opened this morning with 297 enrolled, the largest enrollment at the beginning of the school in this district, about forty more than was enrolled at the opening last year.

The school board has made some changes in the school. The assembly hall has been supplied with desks in place of the chairs, and will be occupied by the eighth grade; the seventh grade occupies the old eighth grade rooms.

A number of high school scholars from Garden Grove are attending the Anaheim school this year and a bus will run from here to Anaheim, taking the pupils to and from the school. Mr. Fallow will run the machine and see to it that the children get to school and home on time.

Chas. Swall, K. N. Coplin and Mr. Lewis went on a successful hunting trip last Saturday, down to Esplanade. They brought home a number of fine cottontails.

Mrs. George Nimmo and family entertained eleven of Mr. Nimmo's relatives last Wednesday at a 6 o'clock dinner.

Mr. and Mrs. D. E. Hobbs and family motored to Los Angeles on Sunday and met their son, Edwin, who has been spending some weeks at Santa Monica with relatives.

Miss Carrie Kimball and Miss Pearl Nimmo, of Olive, were business visitors at Los Angeles on Monday.

Mr. Seeley, father of Mrs. James Henry, was buried this morning at 8 o'clock from the old Soldiers' Home at Sawtelle. Mr. Seeley has been ill for some time.

Mr. Frank Bissett has begun the erection of his garage and will start his new house as soon as the arrangements can be made after the bids are in, which will be on Wednesday, September 16.

Mr. and Mrs. E. Beardsley and Mrs. Lula Beardsley will go to Hemet tomorrow to visit with friends and relatives.

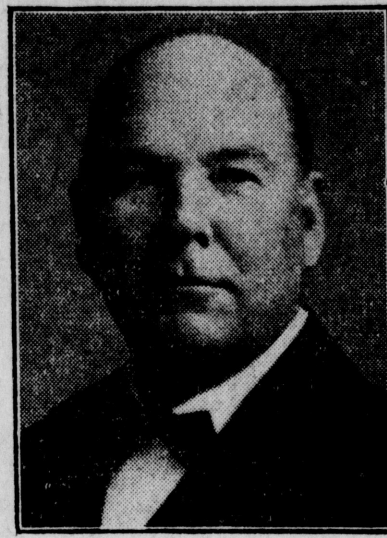

Ben Oertley, who has been home for the summer, has returned to the U. S. C. in Los Angeles.

Mrs. Pettitt, of Placentia, was entertained at the home of Mrs. E. Beardsley on Tuesday.

Elder Brunner, of Los Angeles, was entertained at the home of N. Carmichael the last three days of last week.

Chas. Swall and Chester Lee were

J. C. NEEDHAM,
WHO SPEAKS AT
ANAHEIM SEPT. 17

J. C. Needham, Republican candidate for Congress, will speak at Anaheim tomorrow (Thursday). The candidate will pass through Santa Ana some time during the day, and the local committee hopes it will be convenient for him to make a stop in Santa Ana. However, this will depend upon the time Mr. Needham arrives.

Needham's itinerary, so far as announced for Orange county, is as follows:

At Anaheim, Thursday, Sept. 17; Orange, Sept. 28; Fullerton, probably on Oct. 5, and at Santa Ana on Oct. 28.

Richard Melrose will preside at the Anaheim meeting, and J. C. Burke, Republican candidate for the Assembly, will speak.

business visitors to Los Angeles on Tuesday.

Mr. and Mrs. Henry Otto motored to San Bernardino last week, where they will visit with Mrs. Otto's sister, Mrs. Geo. W. Cox, and then on to Hemet, where they will visit with another sister and friends. They will return home this week.

N. I. Rice has purchased a new Ford and is enjoying the fine streets of Garden Grove today.

Mr. Schnitzer and Mr. Andres started out with their bean threshing today, and their first stop was at the ranch of B. J. Hayes.

Mrs. Sarah Mills, who has been visiting at the home of her daughter, Mrs. John McWilliams, in Newport Beach for the past week, has returned to the home of another daughter, Mrs. H. L. Parks.

Miss Clara Perrin of Pomona is visiting at the home of Mrs. Fred Andres.

A number of ladies from Garden Grove are attending the annual convention of the Home Missionary Society of the Methodist church at Fullerton on the 15th and 16th of this month.

George Eells of Corona, who has been visiting with his father for the past few days, has returned to his home.

Mrs. Newcomer's aunt, Mrs. George Sterling, of San Pedro, and her sister, Mrs. C. N. Bell, of Marshalltown, Ia., are visiting Mrs. Newcomer for a few days.

Mr. and Mrs. J. T. MacElree entertained a number of their friends Monday evening in honor of Mr. Russell Watson, who was spending a day or two with his sister, Mrs. Stephen Fitz. Mr. Watson is wireless operator on the U. S. S. Perry, in San Diego Bay. The evening was spent in game and music. Delicious refreshments were served.

The W. C. T. U. held a mother's meeting at the home of Mrs. L. Beardsley Wednesday afternoon.

Mr. and Mrs. Phillips and children from China, are spending a week with their parents, Mr. and Mrs. Mayhew. Garden Grove was well represented at the Veterans' picnic at Anaheim Tuesday, and all who attended report a royal reception from the neighborhood.

Mrs. Walter Guiley of 745 West Second street, is entertaining her sister-in-law, Mrs. Sturges, of Los Angeles for a few days.

Mrs. S. P. Freeman, who has been spending the summer at Oceanside, is now at home, at 1352 Durant street.

—Dr. J. W. Shaul, 417 Hollingsworth Bldg., Los Angeles, in Santa Ana office Wednesday and Saturday afternoons, 1 until 7:30 p. m. Eye, ear, nose, throat and fitting glasses.

PACKED WALNUTS; NOW IN BASTILE

The scene is the city marshal's office. The time, 7:30 a. m. Seated in chairs about the official table are City Recorder Wilson and a reporter. Both are smoking. Silence reigns. It is a foggy morning. Gloom seems to seep into the office from the outside.

Enter Officer Bud Vestal, followed by a be-whiskered and forbidding-looking person, who shows much reluctance to enter the office. Vestal carries a sack, which appears to be half filled with walnuts.

The officer takes a chair and pulls forward a tablet of blank forms. Vestal—"What's your name?"

The be-whiskered person glares at his inquisitor with sullen mien. He hesitates for an instant and then decides it would be best to reply.

Be-Whiskered Person (in a voice resembling saw-filing)—"Adam Curtis."

Vestal—"How long have you been in the city?"

Curtis (the metallic note still amply evident in his voice)—"Eight days."

Vestal—"How long have you been in this state?"

Curtis—"About five months."

Vestal—"What is your occupation?"

Curtis—"Gazump."

Vestal—"What?"

Curtis (rising his voice)—"Tubbagazump."

Vestal (showing signs of wear)—"I want to know what your occupation is."

Curtis—"Tobacco packer."

Recorder Wilson (showing signs of interest)—"That sack there looks as though you have been engaged in packing other things besides tobacco."

Vestal (to the Recorder)—"Where do you want me to take this fellow?"

Recorder (laconically)—"Up on the hill, 'petty larceny.'"

Exit Vestal and Curtis. Silence reigns.

Curtis was taken in tow by Officer Vestal in a walnut orchard on First street, east of the Santa Fe tracks. The man was seen with the walnuts by F. C. Rowland, 810 McClay street, who telephoned the police.

Laprobe Stolen

George Lynch has reported to the police that a laprobe and a duster were taken from his buggy in back of the Cope Electric shop on East Fourth street yesterday afternoon at about 5:30 o'clock. The robe is valued at about \$6 and the duster at about \$2.50.

BACKS OF LETTERS
WILL GIVE FACTS

To counteract an impression which is prevalent in many eastern states that the cost of living in California and especially in Southern California is higher than in the East Secretary Metzgar of the Chamber of Commerce is having prepared a list of prices charged for commodities in this city. This list will be printed on the backs of the Chamber of Commerce letter-heads.

In gathering his list Metzgar found that the price of foodstuffs here is one-third cheaper than it was in the region of Pittsburgh, Pa., where Metzgar lived for many years.

Living in Southern California, Metzgar finds, is fully as cheap, if not cheaper, than it is in the East. This is caused, in the main, by the vast abundance of fruits and vegetables which grow here during all months of the year.

Orange-El Modena-Tustin-Santa Ana Stage Line

—I will establish an auto stage line between Orange, El Modena, Tustin, Santa Ana, via Prospect Ave., Thursday, Sept. 17, leaving Orange 6:30 a. m. for El Modena. Hourly service. Careful driver. Courteous treatment. Reasonable rates. Daily except Sunday. Special trips anywhere Sundays and evenings. Phone 3373, Orange, afternoons.

FRED W. WYATT.

Hot drinks and light lunches at Taylor's every minute they are open for business.

Santa Ana Painless Dentists, 102 1/2 East Fourth St. Main 253.

ORANGE PEOPLE AT G.A.R. REUNION

ORANGE, Sept. 16.—A number of Orange people went to Anaheim yesterday to attend a meeting of the Orange County Veterans' Association which was held in Odd Fellows' hall in that city.

The visitors brought their lunches and spent a very pleasant day.

Those who went from here were: Mr. and Mrs. Elwood Coate, Mr. and Mrs. Joe Pollock, Mr. and Mrs. S. R. Smith, Mrs. G. W. Brown, Mrs. L. Hunt, Mrs. Mary C. Jackson, Mrs. L. E. Jones, Mrs. Hattie S. Harden, Mrs. L. B. Gitchell, Mrs. A. W. Beach, E. C. Parch, W. M. Dayton, H. H. Hilliard and Joseph Goddard.

The next meeting of the association will be held in Garden Grove.

Having its beginning in the J. O. C. class of the M. E. Sunday school, a J. O. C. Club was formed last evening at the home of Miss Lydia Killifer on North Glassell street.

Ten young ladies were in attendance to enroll as members. The club has established a custom of holding meetings every two weeks, with two of the members acting as hostesses. Miss Whitsett and Miss Jones entertained last evening.

The club is engaged in reading a missionary story and the time was spent in this manner. Candy was served as refreshments.

Those present were: Mrs. Effie Watson, Miss Katherine Spencer, Miss Chloe Jones, Miss Beulah Whitsett, Miss Lottie Carrier, Miss Pansy Prince, Miss Fern Roberts, Miss Fonda Roberts, Miss Ruth Hull, Miss Ethel Parks and Miss Lydia Killifer.

Mrs. Horace Lucy went to Placentia this morning to look after the building of their new house in that city.

Mrs. Libbie Williams of New York City is in Orange to spend the winter, having taken apartments at 253 South Olive. Mrs. Williams is the widow of the late Judge W. B. Williams and formerly made her home in this city.

The O. D. O. Tattling Club met with Mrs. Henry Meehan yesterday afternoon. The usual work occupied the attention of all and dainty refreshments were served at the close of a most enjoyable afternoon. Special guests of the afternoon were Miss Emma Moody and Miss Amelia Valadar, the club members present being Mrs. H. B. Slater, Mrs. Frank Knight, William Wagner, Horace Lucy, Harry Dalrymple, John Kaiser, Charles Christensen, Robert Cameron, C. J. Porter, W. C. Waechter and Henry Meehan. Mrs. Lucy, who will soon leave Orange, was presented with a souvenir silver spoon as a mark of appreciation of the club for the assistance she has given it. The next meeting will be held with Mrs. C. J. Porter.

The Yeoman lodge members enjoyed a short program and games after the regular meeting last night. The team that has just been organized put on the drill and refreshments were served.

Glen Potter, son of N. U. Potter, is quite sick at his home on East Palmyra avenue.

Mr. and Mrs. H. F. Dalrymple returned yesterday morning from a week-end visit at Long Beach and Redondo. They were accompanied by Master Edwin Hulin of Long Beach, who will spend the remainder of the week with Robert Dalrymple.

Mr. and Mrs. Harry Compton were visitors at the J. P. Small home on East Palmyra avenue today. Mrs. Compton was Miss Emma Small, who has lived in Orange the greater part of her life. They left this evening for their home in Trabuco Canyon.

C. W. Post, J. L. Wheeler, Dr. C. J. K. Jones and C. W. Eastin went to Los Angeles today to a meeting of the California Fruit Exchange.

Mrs. E. Sonntag was here from Redlands to spend yesterday with relatives. She returned there this morning.

A. W. Leichtfuss and W. A. Knuth have just completed sinking a deep well on the corner of Mr. Leichtfuss' ranch, which will be used jointly for irrigation purposes. The well is sunk 385 feet, through five stratas of water, and the water now stands within 165 feet of the top. They have a pump ordered which will be installed on its arrival, thus making it one of the best private wells in the valley. W. W. Perry has a well nearby that is not

AN OLD RECIPE TO DARKEN HAIR

Sage Tea and Sulphur Turns
Gray, Faded Hair Dark
and Glossy

Almost everyone knows that Sage Tea and Sulphur, properly compounded, brings back the natural color and lustre to the hair when faded, streaked or gray; also ends dandruff, itching scalp and stops falling hair. Years ago the only way to get this mixture was to make it at home, which is messy and troublesome.

Nowadays we simply ask at any drug store for "Wyeth's Sage and Sulphur Compound." You will get a large bottle for about 50 cents. Everybody uses this old, famous recipe, because no one can possibly tell that you darkened your hair, as it does it so naturally and evenly. You dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, and after another application or two your hair becomes beautifully dark, thick and glossy and you look years younger.—Advertisement.

Because we employ only the most expert tailors in our workroom.

Because all our tailoring is done in our own shop by our own force of workmen.

We want you to call and inspect our line. You will be convinced that we give better values, better work, and a better fit, all of which we guarantee. All our clothes are made in the latest style and cut and tailored to perfection.

nearly so deep, which passes through only one strata of water, yet it pumps twenty-five inches without lowering the supply.

Clair Lane went to Los Angeles this morning to enter the Los Angeles College of Osteopathy.

A bicycle was stolen last evening from the rear porch of the Willard Smith home, 535 East Maple avenue. The wheel was recovered this morning on the streets, where it had been abandoned.

OFFICIAL VOTE IN THE CRAIG-CONREY CONTEST

The Gavin W. Craig Club's headquarters has received a report of the official count from Kern county of the vote there on the office of presiding justice of the District Court of Appeal. This was the last county to be heard from. Judge Craig received the highest vote in ten out of the thirteen counties of the district. The strength of Gesner Williams is the surprise of this contest. It was thought by many that not having had previous judicial experience and not making an expensive or strenuous campaign his vote would be very light. He is a good third and defeated Judge Conrey for second place in San Luis Obispo county. The vote by counties is as follows:

County	Craig	Conrey	Williams
San Luis Obispo	2326	785	858
Kern	3989	2710	2072
Tulare	2502	2975	1792
Kings	955	857	812
Inyo	728	346	222
Santa Barbara	2197	1938	776

RIVERSIDE HIGHWAYS
SOON TO BE FINISHED

Supervisors of Riverside county announced this week that the financing of the highway work being done in that county now is complete. They expect to rush the completion of the fine system of highways being built and practically all of the work will be completed before the end of this year.

The main highway extending from Los Angeles county line to Esplanade passes near the Nueva rancho, which is being subdivided by James R. H. Wagner Company. This highway connects with the fine good roads system of Los Angeles county.

Stop That First Fall Cough
Check your fall cough or cold at once—don't wait—it may lead to serious lung trouble, weaken your vitality and develop a chronic lung ailment. Get a bottle of Dr. Bell's Pine-Tar-Honey today; it is pure and harmless—use it freely for that fall cough or cold. If baby or children are sick give it to them, it will relieve quickly and permanently. It soothes the irritated throat, lungs and air passages. Loosens phlegm, is antiseptic and fortifies the system against colds. It surely prevents cold germs from getting a hold. Guaranteed. Only 25c at your Druggist.—Advertisement.

DON'T BE ASHAMED TO WORK

The Register notes that those in charge of the employment bureau of our public schools thus far have more places for boys and girls to work than they have applicants for those places. This situation may be reversed after school opens, and it is to be hoped that it will be.

Boys and girls ought to be just as ready and willing to "work their way" through high school as they are to do so when they go to college or university. There is not only no disgrace but always the highest honor in ANY KIND OF HONEST WORK.

Boys and girls who wait on the tables or do housework or yard work in college and university towns are always highly respected, both among the people of the town and among their classmates. Their social standing is not adversely affected. And they get a discipline and training that is of incalculable value.

So it is, and will be more and more, at home in the public schools. The dignity of honest work was never more fully recognized by people of real culture than it is today. And the ambition that is determined to secure an education at whatever cost in striving and sacrifice was never more sincerely lauded than it is here and now.

ELECTING A NEW POPE

The election of a new pope would have attracted far more attention had not the black headlines in the newspapers been taken by the war. The Italians predominate in the conclave. Hence as an expression of world thought it is not so cosmopolitan as it would be were all the powers equally represented. But the Italian element is not so strong as formerly.

The election of Pope Pius represented the tendency of the times toward democratic feeling. Previous popes have largely been men from the upper orders of Italian society. They may have been democratic in their feeling, but at least they were more or less aristocratic in blood and environment. The election of Pope Pius, coming from an obscure family, was in striking contrast.

The choice of Benedict XV. is held to represent in a measure the reversion to the older type of diplomatic popes. The intense racial and national antagonisms now excited call for this mastery in strategy. The Italian temperament is keen, acute, penetrating, seeing with uncanny swiftness into human motives.

Without armies or navies to back them, the popes have usually fought the most consummate politicians of Europe.

As a spectacle the election of a pope has no counterpart. The general purpose is to dignify the ceremonial and to shut off the electing cardinals from outside influence. In old times, the impatient populace would tolerate no delay. The cardinals were starved out, as juries are forced to an issue in this country. If the election was delayed eight days these mighty churchmen were reduced to bread and water. For many years these rigors have been relaxed, but in most respects the event still has the austere and lofty dignity of medieval monastic life.

Of the 1630 convicts in the Ohio state penitentiary, 1458 attribute their downfall to drink. The state licensed saloon-keepers to trip these men up and ruin their lives for profit. Then the state now comes in and shuts the victims up behind high walls because they got caught in traps set by the state for the purpose of destroying citizens for profit.

JOHN BUNNY VS. JOHN BARLEYCORN

John Bunny, the movie man with the full moon face, says that there are no Martinis in his breakfast program.

It is said that Bunny's face is familiar to more people than any other face in the world.

"I'm a teetotaler," he says. "Alcohol is an insidious poison with cumulative poyer. John Barleycorn is an indisputable champion. No one is ever going to finish with him and win."

Those who make a living by selling whiskey say that the saloon promotes prosperity. Doubtless it does—for the saloon-keeper. But what about the families of the victims of drink? Did you ever know of a man who drank himself rich?

Now we're ready with a special showing of Hart Schaffner & Marx fine clothes

When you see what we've done by way of preparation for your clothes-needs this fall, you'll be delighted

The new goods are well worth looking at 'even if you don't buy any of them; and we'll take pleasure in showing them, even to those who come "just to look"

THE wealth of rich colorings in the new fabrics will be a joy to you. We have lots of the new tartan weaves, rich blues, greens, reds, in dark shades; not too bright for men's clothes; made in small plaids and stripes; the most beautiful weaves ever produced for men's wearing.

Chalk lines and pencil stripes are also a prominent feature of the new line.

Young men should see these new goods soon; we have some special selections for you. For men of quieter tastes also.

\$18 or \$20 will give you a fine suit; we'd rather sell you one at \$22 or \$25; the difference in the price is more in your interest than ours.

"Huff Fifteen," the greatest \$15 suit value hereabouts.

W. A. HUFF

Proposes a Permanent Industrial Commission

LOS ANGELES, Sept. 16.—"A defense without apologies." In these words Chairman Walsh of the United States Commission on Industrial Relations last night pertinently summed up the case for the employer as it had appeared to him during the course of the hearings which the body concluded here yesterday.

"No more vital facts," he continued, "have been presented to this commission than here in Los Angeles, and nowhere has there been a more evident desire to meet this body halfway. It has been a most interesting hearing—a hearing, largely, of facts and figures—and one which, I believe, has cast light into the dark places."

Mr. Walsh also stated that the testimony gleaned in Los Angeles has confirmed members of the commission in their intention to shortly issue a bulletin on the open shop, its theory and operation. The scope of this bulletin will probably be outlined when the commission meets in executive session in Chicago, October 12, for the primary purpose of visiting its first annual report for submission to the President and by him to Congress.

"A number of constructive suggestions will be made," said Mr. Walsh in speaking of the forthcoming report. "The hearings up to August of this year will also be reviewed briefly."

Among the suggestions will probably be one to so enlarge the scope of the Erdman-Newlands Act as to provide for mediation between employer and employee in industries other than the railroads. Mr. Walsh also intimated that the vexing problems

presented by seasonal labor will also be constructively considered.

Industrial Commission

In this connection it is known that a number of members of the commission favor the formation of a permanent industrial commission, with a bureau as an adjunct which will have to do with the mobilization of transitory labor for employment in those occupations, as agriculture, where there is a constantly recurrent "peak load" of demand. In other words, the functions of this bureau will be those of a board of strategy, or an employment bureau of nation-wide scope, which will endeavor to provide work for all by the simple expedient of checkboarding the occasionally unemployed from place to place as the demands for their services present themselves. It will be a scientific effort to solve the unemployment problem on the lines of the professional harvest hand of the Middle West, who starts with the broom-corn cutting in Southern Illinois, jumps to the wheat fields of Dakota and Manitoba, and then south again in time for corn-shucking.

To Suggest Laws

"All suggestions made by us," said Mr. Walsh, "will be in the form of proposed laws. As we are blazing the way it is our plan to circulate these proposed laws throughout the country so that the interested may acquaint themselves with their content before they come before Congress for enactment. In other words, we will appeal to the people, the employer and the employee."

ONE-MINUTE INTERVIEWS

What People Are Talking About

Roland R. Foley: "I met with considerable discouragement when I set about to organize an Athletic Club football team to take the field this fall. I found it necessary to abandon the project. What caused the lack of interest among the fellows, I am at a loss to say. Before I started to work trying to organize the proposed team all I heard was expressions from nearly all the boys of the need of a good club football squad. I soon found, however, that as soon as I started operations, those who had been most eager to have the football team, were among the first to make various excuses."

E. S. Gilbert: "I have returned from a very enjoyable motoring trip," said E. S. Gilbert, dry goods merchant and president of the Merchants and Manufacturers' Association, "that took our party, which included Mr. and Mrs. C. S. Kendall, my wife and myself, through some of the beautiful scenic drives of the San Bernardino mountains. We visited Idyllwild, Camp Baldy and Forest Home during the three days we were away and traveled over many miles of mountain and canyon roads that are little used by the motoring public in general."

"One of the interesting places we visited was a mountain trout hatchery and plant for raising trout for market, in Mill Creek Canyon, about sixteen miles above Redlands. This enterprise for hatching and growing speckled mountain trout for the market is being conducted by a Mr. Scott who formerly lived in Santa Ana. His plant represents an investment of

about \$20,000 and he now has in his reservoirs a half million or more of the funny tribe, some of which are nearly large enough for market. He also has a hatchery of a million eggs capacity. The owner told us that he started the hatchery less than one year ago and that he expects to raise trout by the million, as he has assurances that there is a ready market at good prices for all that can be produced."

"It was very interesting to watch him feed the young fish, which he did by throwing quantities of a fish food he makes of bran and other ingredients, upon the water. Not a particle of the food ever got far below the surface, as there was always a swarm of fish waiting ready to grab it."

Rev. Southerland, Anaheim: "Sure I'm a Progressive, so far as Governor Johnson and his administration are concerned. I'm registered as a Prohibitionist and am just as loyal to the best interests of that party as its most intense partisan; but the best interests of a party do not always call for participation. I'm as good a Prohibitionist as the best of them, but I'm for Hartman, independent, for the legislature and for Johnson for governor."

T. E. Stephenson: "I don't want to knock any place," said T. E. Stephenson, associate editor of the Register, "nor to make any invidious comparisons; but I'm moving about some during my vacation and I tell you Santa Ana and the Register look good to me. In one town I found the newspapers that regularly run eight pages cut down to six pages. In another half the force of one paper and about a third of the force of another have been laid off. Inquiry revealed the fact that this is an every summer's occurrence in these and other Southern California towns. Here in Santa Ana things move

along as if there were no such thing as vacation season."

We are showing a large line of the newest styles in tailored hats at \$5.00, including some of the smartest of the new fall turbans. We have a splendid assortment of the new buckram shapes and our workroom is prepared to make over any materials you may have on hand. ORDINANCE NO. 119

An Ordinance Amending Ordinance No. 113, entitled, "An Ordinance Regulating the Traffic Over Public Highways in the County of Orange."

The Board of Supervisors of the County of Orange, State of California, do ordain as follows:

SECTION I.
Section XVII of Ordinance No. 113, entitled, "An Ordinance regulating the traffic over public highways in the County of Orange," is hereby repealed and in lieu thereof and to be numbered XVII of said Ordinance No. 113 it is ordained as follows:

Any person violating any of the provisions of this ordinance shall be deemed guilty of a misdemeanor, and upon conviction thereof, shall be punished by a fine of not more than two hundred and fifty (\$250.00) Dollars, or by imprisonment in the county jail for a period of not more than ninety days, or by both such fine and imprisonment.

SECTION II.
This ordinance shall take effect fifteen days after its passage and before the expiration of said fifteen days shall be published, with the names of the members of the Board of Supervisors voting for and against the same, for at least one week in the Santa Ana Daily Evening Register, a newspaper of general circulation published in the County of Orange.

Signed by the Chairman of the Board of Supervisors of Orange County, on the 15th day of September, 1914.

(Seal) T. B. TALBERT, Chairman of the Board of Supervisors of Orange County.

Attest: W. B. WILLIAMS, Clerk of the Board of Supervisors.

State of California, County of Orange—ss. I, W. B. Williams, County Clerk of the County of Orange, State of California, and Ex-Officio Clerk of the Board of Supervisors thereof, do hereby certify that at a regular meeting of the Board of Supervisors of Orange County, held on the 15th day of September, 1914, at which meeting the Board of Supervisors were present, the foregoing Ordinance, consisting of two sections, was considered, section by section, and each section separately, and the said Ordinance was thereupon passed and adopted as a whole by the following vote, to-wit:

Ayes: Supervisors Leck, Smith, Schumacher, Struck and Talbert.

Noes: None.

In witness whereof, I have hereunto set my hand and affixed the seal of the Board of Supervisors of Orange County, this 15th day of September, 1914.

(Seal) W. B. WILLIAMS, County Clerk.

Doings In Social and Club Circles

HER 84TH BIRTHDAY

Mrs. Elizabeth Rogers of Garden Grove Honored at Happy Celebration

One of the most enjoyable affairs of the season was the celebration of Mrs. Elizabeth Rogers' eighty-fourth birthday at her residence in Garden Grove on Tuesday, Sept. 15th. The house was beautifully decorated with plumosus ferns, carnations, roses and Morning Glories and a dinner was the feature of the evening. The table fairly groaned under the weight of good things to eat and was spread between the folding doors, extending through the living and dining rooms. Mrs. Rogers cut her own birthday cake, which was beautifully frosted and decorated with birthday dates "1830-1914" in pink. Among those at the table of Mrs. Rogers were four grandchildren, eight great grandchildren, and one great-great-grandchild, beside other relatives and close friends.

Those present besides "Grandma" Rogers were Mr. and Mrs. Sherwood, Mr. and Mrs. Lewis, Mrs. Cammack, Mr. and Mrs. Frank Rogers and two sons, Lloyd and Raymond, Mr. and Mrs. Ben Rogers and son Melvin, and Lola Brenot, all of Garden Grove; Mr. and Mrs. Oscar Waring from San Juan Capistrano, and Mr. and Mrs. Abe Johnson and children Mary, Wayman, Abe, Jr., and Mrs. Oscar Wilson and daughter Adell from Irvine, and Mr. William Wayman from Atlanta, Kansas, who is here visiting his nieces, Mrs. Ora Waring and Mrs. Jennie Johnson.

The time was spent in visiting, eating, taking kodak pictures, and music which was composed of piano, two violins, and singing. She received many beautiful as well as useful gifts.

Having spent a very interesting day all departed for their homes, after having wished her many happy returns of the day.

Country Club Dance

Members of the Orange County Country Club are looking forward with pleasurable anticipation to a club dance which will be given tomorrow evening at the club house. Indications are that this, the first of a series of social hops which will be given during the winter, will be exceedingly well attended.

Veteran Police Official Here

Mr. H. C. Walker, the oldest police officer in service in Los Angeles and known to many Santa Ana people as an officer in the P. E. station, with Mrs. Walker, his wife, is visiting relatives in this city.

Mrs. Walker is a sister of Mrs. A. L. Deering, 1410 Bush street, and Mr. Walker is an uncle of Charles E. Walker of the Princess theater.

Mr. and Mrs. Walker are on their annual vacation and will go from here to San Diego.

Mistake Corrected

The group of young ladies from Santa Ana who will occupy a bungalow home in Los Angeles while attending Los Angeles Normal school this year are Miss Alice Clausen, Miss Bess Merigold, Miss Marjorie Magee and Miss Thelma Price. In the notice of their departure for the city yesterday, the Register had the name of Miss Alice Cranston instead of that of Miss Clausen. Miss Cranston will attend Pomona College.

Going on a Vacation?

There are just lots of things you'll need for a happy, comfortable vacation trip.

Here's a handy list to check over. Just a few suggestions. You'll think of articles omitted. Write them down and when you're ready bring the list in.

Toilet Waters Foot Powder
Fountain Pens Cold Cream
Tooth Brushes Soap
Drinking Cups Bath Caps
Bath Requisites Kodak Films
Shaving Supplies Stationery
Talcum Powder Hair Brushes
Combs

It is easy to make your purchases now. Have them handy just when you want them.

KITCHEN SHOWER

Mrs. John Sauers, a Recent Bride, Complimented by Happy Hour Club Girls

Miss Fredda Moesser of 1047 West Second street, was hostess yesterday afternoon to the members of the Happy Hour Club with a kitchen shower for a recent bride, Mrs. John Sauers, formerly Miss Hazel Rowley. Pink roses and carnations were used in developing the color motif that prevailed in both house decorations and in the refreshments served at the close of an afternoon of conversation, music and needlework. The guests busied themselves during a portion of the time with the hemming of kitchen towels, the linen accompanying the shower of useful gifts for the kitchen in Mrs. Sauers' new home.

Besides the hostess and the honoree, the members of the club who were present were: Mrs. A. R. Rowley, Mrs. M. A. Moesser, Mrs. Harlow Billingsley, Mrs. Walter Sutton, Mrs. E. Brannan, Mrs. Harry Warne, Mrs. E. Mize, Miss Clara Wiseman, Miss Florence Brace, Mrs. Mabel Blodgett, Miss Minnie Wild, Mrs. Robert Gully was a guest of the club.

The next meeting of the club is most pleasantly anticipated. It is to be held in pretty Birch Park, and the young women will have their mothers as honor guests.

POMONA COLLEGE LIST

Thirty-Four Students to Seek Diplomas for Popular Claremont School

Pomona College shows up today with twenty additional students to the list published yesterday in the Register, making a total of thirty-four from Santa Ana and Orange for the popular college at Claremont. The students not named yesterday are Joella Sharp, Pauline Johnson, Ruby Campbell, Katherine and Isabel Smiley, Nellie Ainsworth, Ruby Campbell, Helen Reinhaus, Wilma Andrews, Aileen and Louise Tubbs, Mabel Mansur; Walter Stafford, Walter Reeves, Ross Greeley, Lamont McFadden, Emmett Drake, Harold Youngman, Selwyn Sharp, Bennie Osterman, Emmett Raitt.

Those in the list given yesterday include Edna Beatty, Harry Allison, Alice Cranston, Georgia Smith, Elsie Wingood, Alberta Black, Marshall Greathouse, Margaret Roy, Louise Grubb, Stella Nissen, Bruce Wallace, Paul Anderson, Raymond Adkinson, Herbert Crandall.

Guests at Beach Banquet

A trio of popular and well known Santa Anans, Rev. J. A. Stevenson pastor of the First Presbyterian Church; Messrs. Maurice Phillips and Harry Garstang, musicians, were guests last evening of the Men's Brotherhood of the First Presbyterian Church of Long Beach.

A banquet was the first order of business and at 6:30 o'clock one hundred guests sat down at the generously loaded tables. Dr. Stevenson later roused the banqueters to enthusiasm with a talk on "Shirkers, Jerkers and Workers." Maurice Phillips' rich baritone voice was heard to good advantage in vocal numbers that pleased, and Harry Garstang sprang a surprise with his unique musical instrument, "Fairly Bells," the sweet melodies he evolved winning applause. The instrument to which Mr. Garstang has given the name of Fairly Bells is a possession that has been in his family for a long period of time, and is highly treasured by him.

The gentlemen made the trip to and from Long Beach by automobile, returning to Santa Ana last night.

We are glad indeed to announce that Miss Lalla Fagge of Los Angeles will be with us again this year.

Under her efficient charge our Violin Department has succeeded beyond our expectations.

She will be at the Conservatory tomorrow afternoon to meet her pupils and any prospective patrons.

504½ N. Main St. Pacific 214.

PAST MATRONS MET

Eastern Star Women Opened Fall Season at Home of Mrs. W. L. Tubbs

The charming Bush street home of Mrs. W. L. Tubbs was opened yesterday afternoon for the ladies of the Past Matrons' Association, O. E. S., and for their reception the house had been adorned with pink carnations and roses. The carnations were unusually lovely. Massed in a basket in the living room, they were greatly admired.

After the business session, in which it was decided to postpone the next regular meeting to September 27 on account of the session of the Grand Chapter which will be attended by several of the Matrons, the afternoon was spent socially. An enticing two-course collation was served informally by the hostess.

The members of the association present were: Miss Mary Cotter, Miss Pauline Reinhaus, Mrs. George Balderston, Mrs. W. M. Clayton, Mrs. D. W. Crawford, Mrs. G. J. Evans, Mrs. J. R. Medlock, Mrs. E. U. G. Palmer, Mrs. H. H. Reeves, Mrs. Max Reinhaus, Mrs. Chas. E. Ruddock, Mrs. W. H. Thomas, Mrs. P. L. Tople, Mrs. Theo. Winbier and the hostess, Mrs. W. L. Tubbs.

Chapter to Meet

Emma Sansom Chapter, U. D. C., will have a called business meeting at Mrs. J. A. Willson's on Thursday afternoon. Mrs. Willson's apartment is in the Rowley Block.

All members are urged to attend this meeting.

Will Open Private Class

Miss Sarah Gardner, the well known instructor in piano music, and who has been connected with the Orange County Conservatory of Music since its opening, has decided to re-open class instruction with her home for a studio. Miss Gardner is widely known for her success with beginners in piano, as well as with advanced pupils, and her announcement elsewhere will undoubtedly meet with immediate returns.

Personals

Mr. and Mrs. L. G. Bagley of Los Angeles motored to Santa Ana last night and were all day guests at the home of J. W. Cade on West Fifth street. The Cades and Bagleys were old time friends in Seattle.

Mr. and Mrs. Fillinger and son Earl of Harbor left today for an extended visit in Pennsylvania, stopping en route in Colorado, going via the Santa Fe. On their return they will travel over a northern route, stopping at Bellingham and other points in Washington.

Mrs. Mary S. Emerson of Riverine avenue has returned from a week's stay at Long Beach where she had a delightful time. She is planning to go to Santa Barbara county some time next week for a ten-days or two-weeks' visit with relatives.

Mrs. Elizabeth Jern, coming here from Scranton, Pa., is planning to make Santa Ana her future home. She is now a guest at the home of Mrs. M. R. Evans who, with her son, has just returned from a week's outing at Redondo Beach.

Miss Elaine Hildreth, one of the staff nurses of the Santa Ana Hospital, left today for a two-weeks' vacation to be spent in Ventura county, Glendale and Los Angeles. She will first visit her parents, Mr. and Mrs. R. M. Hildreth, in Ventura county, spending the rest of the time with friends in the other localities.

Mrs. W. G. Gould and her two charming nieces, Misses Norma and Elsie Wingood, spent today in Los Angeles.

Mrs. C. Y. Martin and her niece and house guest, Miss Ida Brown, of McLaughlin, Kan., traveled to Los Angeles this morning over the Pacific Electric, spending the day in the southern metropolis.

News has been received here of the death of Joseph Dresser at Patton, his death taking place last night.

Mr. and Mrs. A. W. Rutan and Mrs. H. J. Forgy returned yesterday from a motoring trip made in the Rutans' new Kissel Six. The party went to San Diego by way of the coast route, returning via Julian and Elsinore.

Miss Hazel Fleming is in Los Angeles visiting for a few days with Mrs. L. A. Hobbs, the latter being known here as Miss Olga Conwell.

Mrs. C. A. Miller and daughters, Miss Florence and Miss Lucille, spent today in Los Angeles. Miss Florence just returned yesterday from Newport Beach, where she had been the guest for a week of the family of her cousin, Mr. Freeman.

Jesse Dinsmore was a business visitor to Los Angeles today.

Mrs. M. A. Cochran of San Diego, who has been the guest of her brother,

Dr. Dorothy Harbaugh

PAVING BIDS ALL REJECTED BY BOARD

Free Library Plan for County Again Pigeon-Holed—Vote 4 to 1

The Board of Supervisors met in regular session yesterday. After grinding out the usual grist of bills, the board took up the matter of bids for the construction of highways, bridges, etc.

Bids for the paving of La Mirada street in District No. 1, La Habra, were as follows: Bryant & Austin, \$101,000; California-Arizona Construction Company, \$99,825; O. & C. Construction Company, \$95,970. All bids were rejected.

For the San Juan Creek bridge the bids were, Messmer & Rice, \$9336; Long Beach Construction Company, \$9884; Geo. W. Young, \$9855; Holland Construction Company, \$9932; Russell-Green-Foell Co., \$7090; Paul H. Ehlers, \$4650; C. McNeill, \$7986; Earl F. Lowe Co., \$7918; Mercereau Bridge & Construction Co., \$6644. The matter was taken under advisement until September 24.

The following bids were received for the construction of the Anaheim Bay pile and trestle bridge: Bert Noble, \$7700; C. McNeill, \$9780; Messmer & Rice, \$9350; Edgar T. Wheeler Co., \$8670; Mercereau Bridge & Construction Co., \$7883; Russell-Green-Foell Co., \$7545; Holland Construction, \$9790; Charles W. Corbaley, \$11,911; Tronice & Stocker, \$11,370. The contract was awarded to Russell-Green-Foell Co.

Amend Traffic Ordinance
An ordinance amending Ordinance

No. 113, regulating traffic on the public highways of the county, was passed, fixing the penalty for violation of the provisions of said ordinance at \$250 fine or ninety days in jail.

The Free Library
The matter of establishing a county free library, which has engaged the attention of many people of the county, and also of the Board of Supervisors from time to time, came up again yesterday. A delegation from all parts of the county, both friends and foes of the plan, was on hand to present both sides of the case to the board. It seems that the ground upon which most of the opponents of the scheme base their objection is the question of the control of the county library being vested in the state librarian. The law appears to be somewhat vague on this point and there is a wide diversity of opinion.

The course taken by the supervisors seems to be guided entirely by the expressions of opinion they have received from the people of their several districts. After much discussion pro and con, the matter was laid on the table by a vote of four to one.

MISSOURI EDITORS ARE MAKING MERRY

ST. LOUIS, Sept. 16.—Cabaret entertainments, boat rides, banquets and plenty of shop talk will make something doing every minute for the members of the Missouri Press Association, who arrived here today for a three days' session. The Business Men's League and the Press Club of St. Louis will see that the visiting editors forget all about their troubles back home.

The Press Club will present the sketch, "Trail of the Lonesome Steak," a newspaper farce which scored such a hit at the club's second annual frolic last summer.

"FARMERS' WEEK" TO BE OBSERVED BY UNIVERSITY

COLUMBUS, O., Sept. 16.—Farmers and poultry raisers who cannot afford to go to college are to be given a chance to get special instruction at Ohio State University this winter. A "farmers' week" will be observed from February 1 to 5.

LAST SCENE IN FELONY CASE ENACTED

Wedding of Heriford and Hester Butler Ends Long Legal Battle

In the superior court today, before Judge West, was enacted the final scene in a legal drama which has occupied the attention of the courts and the people of Orange county more or less for several months past.

It will be remembered that about eight months ago Herbert Dyer, a farmer near Anaheim, was charged with having wronged his step-daughter, Hester Butler, then a girl of fourteen years. Dyer was later admitted to bail, and at the time set for his hearing failed to appear. He was apprehended in Canada, returned to this county, tried and convicted of the crime charged, and was sentenced to twenty-five years in the state penitentiary.

Charles Heriford was charged at the same time and with the same crime as Dyer, the complainant in both cases being Hester Butler. The Heriford matter has hung fire for months, with the defendant in jail and the girl in the Detention Home. This morning Heriford came into court, withdrew his plea of guilty and made application for probation. One of the conditions of probation was that Heriford should marry the girl. The consent of the girl's mother was obtained, and this morning the marriage ceremony was performed. At 1:15 this afternoon Judge West sentenced Heriford to fifteen years, and admitted him to probation.

Attorneys Clyde Bishop and B. E. Tarver represented Heriford.

Mitchell on Trial
In Judge West's court this afternoon F. D. Mitchell is on trial charged with the theft of an automobile belonging to Hugh Plumb. The alleged theft took place in April, 1913.

The juryman selected to try the case are John Schmidt, Oscar Bruckey, Herman Lemke, F. J. Mallett, William Wilson, E. L. House, W. B. Winans, J. S. House, Albert L. Heim, Albert A. Lee, T. E. Johnson, H. H. Reeves.

Articles Filed

Articles of incorporation of the Yorba Linda Mercantile Company have been filed with the county clerk. The company is authorized to do a general mercantile business. The capital stock is \$15,000, and the directors chosen for the first year are Wm. E. Swain, J. A. Buckmaster, Fred Johnson, Thos. B. Welch and W. R. Ware.

For Final Account
Laura E. Hendig Loucks, as administrator, has filed a petition asking for final account and distribution of the estate of William H. Hendig.

REMARKABLE DEVELOPMENT IS SEEN HERE

Prominent Los Angeles Capital-ists Taken on Trip About Santa Ana

That the eyes of capitalists and investors are turning toward Santa Ana was evidenced again this morning when a party consisting of Frank R. Strong, of the Los Angeles real estate firm of Strong, Marsh and Dickinson; Sol Davis, secretary of the Hollywood Cemetery Company and Harry W. Watson, a prominent real estate broker and banker of Los Angeles, was taken on an auto trip about Santa Ana and its immediate environs by C. E. French, the prominent local banker.

None of the men had visited Santa Ana in several years and each expressed the profoundest surprise at the remarkable development which has taken place.

The greatest surprise was in store for the Los Angeles men when they viewed the exhibit at the Santa Ana Chamber of Commerce. Thoroughly practical business men, they were able to see at a glance the untold wealth that is furnished by the soil of Orange county.

According to French, the men were so impressed with the progress and development they saw here that "they could not say enough in praise of this city."

The party lunched at the Rossmore Cafe and were delighted with the service they received.

"The extremely favorable impression that the Los Angeles men have of Santa Ana," said French, "will undoubtedly result in their making investments here in the near future."

MERCHANTS DISCUSS FREIGHT MATTER

The directors of the Merchants and Manufacturers' Association and several of the most prominent local shippers met at the Chamber of Commerce rooms this afternoon to consider ways and means for providing sufficient funds to take before the Interstate Commerce Commission, which meeting in Chicago October 5, matters relating to the recent ruling of the United States Supreme Court, upholding the decision of the Interstate Commerce Commission whereby San Bernardino, Riverside and Orange county will secure the same common point freight rates heretofore enjoyed by San Diego and Los Angeles counties.

Owing to the vast benefits which will accrue to Orange county through the ruling of the Supreme Court and the fact that both Riverside and San Bernardino counties have already raised big funds to help further the interests of the people at the forthcoming meeting of the Interstate Commerce Commission, this afternoon's meeting was well attended.

BRITISH TOOK GERMAN PRISONER WAS TO BE PARIS GOVERNOR

PARIS, Sept. 16.—It is reported to date that when the German general who was captured by the French and brought into the capital Monday, was searched there was found in his pocket his nomination to the governorship of Paris, signed by Emperor William. The name of this general was not divulged.

Big Values in High Quality Table Silverware

What lady does not like nice table silverware? To most housewives the necessary silver for setting the table properly is as important as the repast itself. With the proper requisites in table silver the plainest meal takes on the dignity of a banquet; without the full complement of silver the most elaborate spread may be a failure.

TABLE SILVER IS OUR SPECIALTY

We carry a splendid assortment of the best grades of guaranteed plated ware.

Some of our lines of PLATED SILVER have

ALL THE DELICATE AND BEAUTIFUL ORNAMENTATION OF STERLING.

Set of six Teaspoons, heavily plated, 25 years guarantee, at

\$1.50

Knives, forks, table and dessert spoons at prices proportionate to the above.

Our best plated ware in sterling silver patterns is guaranteed for 50 years and only experts could detect that it was not solid silver.

We would be pleased to show you our splendid lines of plated and sterling silver. See display in our west show window.

DEPARTMENT TO BE RUN BY RATCLIFFE

Will Have General Charge of
Entire Poly High
Athletics

HALL IS TO COACH
TRACK, BALL TEAMS

Pigskin Squad is to Begin
Practice This Coming
Week

That Emory G. Ratcliffe will have the general management and supervision of Polytechnic High School athletics for the year about to open and that Coach Walter Hall will have charge of the football, track and baseball teams was definitely decided last night at a conference between Principal E. H. McMath and Harold Holzgraf, manager of the football team.

Holzgraf, who met McMath at the latter's home, 214 South Birch street, represented Poly's football, track and baseball men. The plan to create a new department of athletics in the high school had been under consideration for some time but it was not until last night, when Holzgraf was able to definitely present the wishes of the students, that a definite decision was reached.

It was also decided that Miss Mary E. Taney will continue as coach of the girls' tennis and basketball teams. Who will coach the boys' tennis and basketball teams has not yet been decided.

Ratcliffe, owing to the fact that he will continue as the head of the history department, and that a great deal of work will fall on his shoulders as the head of the new athletics department, will probably be unable to do any coaching this coming season.

Manager Holzgraf has announced that the football field on the Poly grounds will be gotten in readiness at once and that football practice will start next week.

CROWDS GATHER AT THE CLOSING OF THE LONDON STOCK EXCHANGE

This was one of the first photographs to arrive from London after the war began. It was brought over by the Cunard liner Mauretania, which fled across the ocean in fear of German cruiser.

When stocks of all kinds were being tumbled on the market regardless of their real values, but because the holders had to get cash immediately, the decision was reached, as in continental cities and those of the

United States, to shut down. The closing of the stock exchange in London caused the gathering of thousands to talk about war and its results. The streets were blocked, and for hours traffic was impossible.

YORBA LINDA TO TRY CO-OPERATIVE MERCHANDISING

YORBA LINDA, Sept. 15.—The organization of the Yorba Linda Mercantile Company was completed last night at a meeting of the citizens of Yorba Linda held for that purpose. The five directors elected are Thomas B. Welch, president; J. A. Buchmaster, vice-president; W. R. Ware, secretary; W. E. Swain and Alfred Johnson.

The articles of incorporation were immediately drawn up and signed by the directors, and will be filed with the clerk of Orange county today.

There are already more than fifty subscribers for stock in the concern among the local residents, and many other land owners of Yorba Linda are only waiting for an opportunity to get an interest and become identified with the movement.

The purpose of the company is to run a regular co-operative department store, carrying a satisfactory stock of goods in the various lines which are in constant demand. The three departments which will be given the most attention at first are the grocery and provision department, dry goods and shoes, hardware and implements. As soon as these lines can be built up to the desired standard the company will branch out and cover every line of a city department store.

The Yorba Linda postoffice will have its place within the new plant.

Suggest Joining Fullerton Union High School District

For the first time in the history of Yorba Linda the big auto bus of the Fullerton high school moved in its stately manner yesterday morning about the tract and gathered up more than twenty high school students.

The car is one of the fine new machines owned by the Union District for this purpose, and is driven by Mr. Samuel Walker who has been attending the Fullerton high school for the past three years, graduating there next spring. Mr. Walker has taken great interest in the work of the school and it is largely through his influence that such a large class from Yorba Linda has been organized.

This is a marked step of advancement for Yorba Linda, and should command an affirmative vote from every citizen of Yorba Linda at the fall election in uniting this with the Union High School district.

Miss Amstutz Gives Party
The party given by Miss Clare Amstutz yesterday in honor of Miss Gertrude Welch, bride elect, proved to be the real society event of the year. It being a miscellaneous shower, there were elegant gifts of usefulness and beauty of linen, silver and china. The color scheme and decorations were of gold and white, and elaborate refreshments were splendidly served.

Drilling began today for oil on the Gaudin place where the derrick and steam plant machinery have just been installed for this purpose.

BIGGER AND BETTER THAN EVER IS CIRCUS THIS YEAR

The Barnum & Bailey "Greatest Show on Earth" will exhibit here Friday, Sept. 18, and will offer a wealth of varied attractions for old and young, greater than ever before.

This year's show is really two stupendous exhibitions in one. The spectacle and the circus are combined in a unique and wonderful in itself. Their entertainment is opened with a colossal romantic spectacle, "The Wizard Prince of Arabia." Its scenes are from the haunts of the Bedouins to mysterious India, when Prince Abdallah, in the test of stern competition, wins the heart and hand of a king's fair and favorite daughter. More than one thousand people are enlisted in the presentation.

The prettiest, daintiest array of femininity ever assembled is disclosed, and the terpsichorean revels of the ballet belles provide a glorious iridescent eye feast.

The ending of the spectacle is but the beginning of the circus' arctic performances which is abridged in no particular and enlists the daring and graceful services of 350 athletic celebrities.

Three herds of elephants open the circus tournament and display an entirely new repertoire of saccadic demonstrations calculated to suit the most jaded taste. They dance the tango with convulsing abandon andness have never been excelled.

play baseball with the human spirit of rivalry.

The three Leinertz, from Germany, walk upside down in the high dome of the canvas. The Gillis Troupe of Germans, and the Berne Brothers, from Switzerland, are marvels of graceful strength. The Istos Troupe come from Sweden to display their skill and reckless daring in aerial bicycle feats. Josselson, champion wrestler of Iceland. From Hungary, Olympia Desval has brought more than a score of dogs and ponies, whose achievements submerge the mind in a flood of incredulous wonder. Baghoughi and Salo's comedy riding act provides uproarious fun. The Sisters Merkel, contortionists, shine brightly in the brilliant arctic scene. The Three Arleys, perch balancing athletes, come crowned with the highest European honors. Albert Roussel, Harvey Rittelly and Willo and Lilly dispute with all others the title of champion balancers and trick acrobats.

Two celebrated Chinese troupes were imported directly by Barnum & Bailey, and their novel demonstrations ground and aloft have made a sensation in this country. They are the Tai Pein and the Chung Ling Hoo companies of Orientals.

Trained animals are in great variety. Human freaks are exhibited this season in vast exposition, which for variety and number and completeness have never been excelled.

No State Monopoly of Workmen's Compensation Insurance Is Intended

The Register has received, with request to publish, the following communication from the Industrial Accident Commission:

"An impression prevails that it is the intention of the Industrial Accident Commission, at the next session of the legislature, to recommend certain amendments to the existing law providing for state monopoly of compensation insurance.

"This commission has no such intention. It is of the opinion that the highest good will be conserved, and the best public service be rendered, by a free and fair competition between the state and the private stock insurance companies, under the jurisdiction of the insurance commissioner, in order that there may be certainty that injured workers will receive their compensation.

"A lively spirit of private competition will tend to keep state insurance management up to the highest standard, and vice versa, and secure in the end the most protective insurance at the least cost for all policy holders.

"The purpose in mind when state insurance was created was to make impossible private insurance monopoly. State insurance monopoly, with all its possible consequent ills, should likewise be made impossible by keeping alive the stock companies who are fit to survive, and it will only be the 'fit' who will be able to survive in competition with well-conducted state compensation insurance.

"Industrial Accident Commission of the State of California.

ATTRACTIVE FEATURES OF THE FRUIT GROWERS' CONVENTION

The program for the coming sessions in Los Angeles, November 9, of the 45th State Fruit Growers' Convention and the University of California Farmers' Institute, under the auspices of the State Horticultural Commissioner and the University's Cactus Experiment Station at Riverside, is rapidly taking shape. Dr. Webber of the experiment station and Dr. Cook assure us that the talent for this convention will be unexcelled. Dr. Webber states that he has arranged for the presence and participation of some of the greatest scientists of the United States on the subject of soil chemistry as applied to fertility and soil improvement.

The subject of soils is to be a very prominent one in the convention. Serious consideration was given to the idea of making it the central thought of the whole program. However, the importance of other subjects was thought to make that plan inadvisable, but, at least one day, probably November 12th, will be given to this subject.

An interesting department of the convention will be that devoted to the work of women, which is in charge of Miss Lillian D. Clark of the University staff at Berkeley, and excellent things are promised for the help of the ladies whose homes or interests are centered about ranch life, and

many others.

These meetings will probably be held in the assembly rooms of the Hotel Clark, which has been made the headquarters of the convention. The homelike appointments of this hotel should insure a large gathering of the families of fruit growers, as well as the heads of families, who have formerly been the conspicuous representatives at these conventions.

The chairman of the committee of arrangements intends to meet many of the northern fruit growers at the state fair this month and give them such items of information as may interest them, that they may have full knowledge of the good things in prospect at the November meeting, and may be sure of a royal welcome, and the fullest provisions for their comfort, enjoyment and profit will be provided.

We have the promise of many northern fruit growers that the attendance from the north will be a surprise, and they promise that the north will make a better showing at this southern convention than the south ever has at a northern one, all of which will be very pleasing and add greatly to the profit to be derived from the gathering. They may be sure of a royal welcome, and the fullest provisions for their comfort, enjoyment and profit will be provided.

A new and interesting feature of the gathering is to be the taking of preliminary steps for the organization of a state association among the fruit growers themselves, the object being to form an organization which shall have to do with every phase of the fruit grower's occupation, matters of legislation, transportation, marketing, standardization—all coming within its scope. Many are anticipating very important and gratifying results from such an organization.

Many fruit growers who were unable to attend the last three conventions have been greatly disappointed that the proceedings were not published in a collective form which would enable them to profit somewhat by the program of the convention, though unable to be present. The smallness of the appropriation for the state commissioner's office seems to have made these publications impossible for these last meetings, and for a time, it seemed improbable that the publication of the proceedings of this convention could be brought about. However, the committee of arrangements has been enabled to do this and promise that the proceedings will be published in a neat, convenient book, with the addition of some data not connected with the convention which will be helpful to fruit growers.

The people of Los Angeles who are at all interested in matters of this nature, are enthusiastic over this convention, and the full co-operation of the Chamber of Commerce and other kindred organizations is promised. Altogether this promises to be a RED LETTER CONVENTION, and no fruit grower should be so blind to his own interests as to miss being in attendance at all the sessions.

Hot drinks and light lunches at Taylor's every minute they are open for business.

A Potpourri of News and Views

(From Los Angeles Financial News.)

Money in Plenty to Move Crops

At a conference held this week by Secretary McAdoo of the Treasury department, assurances were given that all the currency necessary to finance the country's cotton and other staple crops will be furnished by national banks on warehouse certificates. Cotton growers of Imperial county, California, will be included in the benefits which will follow the plans adopted. Steps toward providing safe and adequate warehouse facilities throughout the producing centers are already under way and leaders in the movement are confident in the course of a few weeks the emergency created by the European war will have been met. A committee of eighteen representative planters, manufacturers, dealers and bankers, was appointed after the conference and to cooperate with it Secretary McAdoo designated W. P. G. Harding of the Federal Reserve Board; C. J. Brand, chief of the office of markets, and T. N. Carver, of the office of markets and rural organizations. The committee is now working on plans to bring the money needed into circulation. Secretary McAdoo is emphatically opposed to valorization schemes and suggestions that State banks issue currency. He dwelt on the dangers of an inflated currency and declared that the integrity and the financial structure of the United States depended on the national banks.

"It is not necessary to have everybody issuing currency," said the Secretary. "The national banking system of this country, properly inspected and under governmental supervision, should be the controlling agency for the issue of this currency. In order that we may know that every dollar that is in circulation has been supervised by the Government, and that it will pass current wherever it appears. If you turn money over to the national banks it will find its way to the State banks inevitably. This is what is happening in the Treasury Department every day. State banks are actually depositing their securities with the national banks and the national banks are getting the issue against those securities and turning it over to the State banks. It is perfectly simple to get it. All you have to do is to have proper security."

Regarding the necessity of banks desiring to obtain emergency currency joining the National Currency associations, Secretary McAdoo said:

"I have stated that it was my purpose to accept from the banks of those currency associations notes and obligations secured by cotton warehouse receipts, properly certificated and issued by responsible warehouse men or warehouse companies. I do not say that those warehouses have got to be built of brick, stone, steel or anything else, or that they must be bonded. All I ask is that those warehouses shall be of such a character as to protect the cotton itself from deterioration or destruction, with adequate insurance against fire, and backed by responsible agencies so that when their warehouse receipts are issued it will be known that they represent something actually in storage there, something that can be had on presentation of receipts. What does that mean? It means that the national banks of this country can borrow to the extent of 70 per cent of their unimpaired capital and surplus on notes secured by warehouse receipts for staple products (not alone cotton) that I think it is safe to lend on."

Bank of England and Beer

The Bank of England celebrated its 220th anniversary recently having been founded in 1694 when it was incorporated. It is the only bank in the world that can sell beer and this too without any license. This privilege was allowed the bank by charter of incorporation under the great seal, dated July 27, 1694, and the bank, if it liked, could open a public house in Threadneedle street or could send its drays around and deliver its beer. It is one privilege that is not granted any other financial institution. In its early days the Bank of England was a servant to the government and in a lesser or greater degree it has enjoyed this character through all the stages of its subsequent history. At first the charter of the bank was for eleven years only, but in consequence of the great services of the institution to the government its charter has been at various times renewed. It was originally constituted as a joint stock association with a capital of \$5,000,000. In return for the loan of its entire capital to the government, it received the right to issue notes and a monopoly of corporate banking in England. It was not until early in the nineteenth century that this monopoly was broken down. It has the power to issue bank notes and acting as the agent of the government in the matter of the national debt.

Wyoming Oil Production

Wyoming now has a possible daily crude oil production of 21,000 barrels of which is in the Salt Creek field, near Casper, practically all owned by the Midwest Refining company, with about 10,000 barrels a day shut in. The Continental Oil company, a former Standard subsidiary, has a contract with the Midwest company to market the output of its three refineries, and at 10,000 barrels a day of refined products supplies the states of Wyoming, Montana, Idaho, Colorado, part of North and South Dakota and part of Nebraska, trying to produce oil in Wyoming as an individual proposition is rather uphill. The Texas company has a contract to take 1,000 barrels a day from one refinery, but the contract expires with 1914 and it will be a trifle handicapped in competition with the Continental company after that time in supplying its Rocky Mountain territory. The Northwestern and the Burlington railroads are using approximately 4,000 barrels a day of residuum from the Casper refineries in their locomotives, paying 50 cents a barrel, which is also the price paid for crude.

Oppose Eight Hour Law

Fruit growers and general agriculturists in San Bernardino from all parts of San Bernardino County held a "protest meeting," and adopted resolutions denouncing the Socialist Initiative Universal 8-Hour Law as destructive and dangerous and organized to conduct a vigorous campaign for its defeat. It was announced at the meeting that over one hundred growers not present had sent word of complete sympathy with the movement and offers of co-operation in defeating the law. The San Bernardino organization will meet again on Monday, September 7th, in the Chamber of Commerce in that city.

Employees Share in Profits

Employees of the B. F. Silverwood stores were made happy by the declaration of the management of the regular semi-annual dividend of ten per cent of the net profits which is divided twice yearly among the employees of the Silverwood stores in proportion to their salaries. The business the first six months of the year has been greater than ever.

Onomea Sugar Crop

The heaviest sugar crop ever grown on the plantation of the Onomea Sugar Company in the Hawaiian Isles is reported for this year. The company has finished grinding with a total output of 19,599 tons or 3500 tons more than the estimate. In connection with this it might be said that the advance in sugar has caused a wonderful rise in the price of sugar stocks. On the estimate of 16,000 tons production the Onomea Company stock, would, on a basis of \$55 per ton for sugar, have applied \$11.73 per share of the revenue. A schedule prepared by sugar people shows the increased earnings for each share of stock for several of the Hawaiian sugar plantations occasioned by the advance of \$55 a ton in the price of sugar. The price of raw sugar before the war was 3.27 and the present price is 6.02, an increase of \$55 a ton. In the following table, the first column of figures gives the number of shares outstanding, the second gives the estimated output for 1915 in tons, the third gives the revenue that will be received for this output at \$55 a ton (the increase), and the fourth gives the application of this revenue in dollars and cents to each share of stock.

Company	Shares (a)	(b)	Per share
Haw. C. & S.	400,000	22,000	\$3,025,000 \$ 7.56
Haw. Sugar	150,000	27,000	1,485,000 9.90
Hutchinson	100,000	5,500	302,500 3.02
Paahau	100,000	10,000	550,000 5.50
Honolulu	100,000	19,000	1,045,000 10.45
Honolulu	100,000	8,000	440,000 4.40
(a) Estimated 1915 production, tons.			
(b) Increase of \$55 per ton will net.			

Always Friend of Miner

David Keith, capitalist, mining man and newspaper owner of Salt Lake City, was a Los Angeles visitor this week. He owns a winter home at the beach, and while loyal to his home State, nevertheless is a lover of California. He was once a resident of the State coming to the gold camps in 1867. From California he went to Nevada and became connected with the great Comstock mines. Mr. Keith was a miner when a lad, for at a tender age, he worked in the mines in Nova Scotia in which country he was born.

When the Comstock properties began to decline he went to Utah, became foreman in the old Ontario mine, and afterwards its general superintendent. The Ontario was one of the greatest silver mines of the world and was largely owned by Californians. While with the Ontario he obtained leases on several mining claims. One of these panned and from it sprung the Silver King mine, now the Silver King Coalition mines, one of the great silver mines of the world and from which numberless fortunes have been taken. Mr. Keith is president of this great property as he is president of the Salt Lake Tribune Publishing Company. Quiet, unassuming, shrewd business man that he is David Keith has built for himself a great fortune. He is a millionaire several times over. But he is still a miner and the men who burrow underground to wrest the wealth from nature's treasure house have always a friend in David Keith.

India's Economic Growth

India's trade has increased during the last half century from \$300,000,000 to more than \$1,400,000,000, says the World's Work. It has in operation 32,000 miles of railroad, which places India fourth in the world in its railroad mileage, carrying 330,000,000 passengers yearly at the rate of five miles for one cent. It maintains 76,000 miles of telegraph line, over which messages can be sent from more than 2,000 miles at a cost of only twelve cents. India is now the largest exporter of rice in the world, holds first place in its exports of tea, next to Argentina is the largest exporter of hides, and next to the United States is the largest exporter of cotton in the world. Next to the United States and Russia it is the largest wheat producing country. India's system of irrigation stands easily first in the world, being far more extensive than that of Egypt or America. Its more than 46,000 miles of irrigation canals have reclaimed more than 32,000,000 acres of land, and famine has been prevented forever in some districts.

Would Amend Currency Law

Several amendments are proposed to the new currency law one drawn by the Reserve Board and sent to Senator Owens permits domestic bills of lading to be regarded as commercial paper, the present law accords foreign acceptance to this right. Senator Hoke Smith has drawn another amendment to permit the issuing of currency on commercial paper to the extent of 70 per cent of its face value instead of 50 per cent, as now provided by law. Still another proposed amendment reduces the annual tax on emergency currency from 6 per cent to 3 per cent.

Get Currency Instead of Gold

Wall Street men who serve as directors of a great many corporations have a habit, on returning to their own desk after a board meeting, of unlocking the top drawer which contains a tin safety box and tossing in the \$20 gold piece just received, the usual directors' fee. This week, however, there was no responding clink. Even the largest and most influential corporations which held directors' meetings were unable to obtain the usual supply of \$20 gold pieces. Each director was given a \$20 bill, and an emergency currency note at that.

California Oil for Chile

The Union Oil Company is closing a deal with the Chile Exploration Company to supply fuel oil in South America, and it is expected deliveries will start in December of this year. The contract is for shipments to the amount of 90,000 barrels minimum, and 225,000 barrels maximum per month. The Exploration Company is a Guggenheim corporation with extensive mining interests in South America, and with prospects of doubling operations in the near future, so that the maximum amount of oil may soon be called for.

Central California Traction Co.

At the annual meeting of the stockholders of the Central California Traction Co., held this week G. A. Starkweather was elected a member of the board, vice president Walter Arnstein, resigned. The officers for the ensuing year are as follows: Alden Anderson, president; Mortimer Fleishacker, Herbert Fleishacker and George W. Peltier, vice presidents; A. N. Baldwin, secretary treasurer.

Pile Up Your Money For a Rainy Day!

ONE of the queerest things about some people is that they will not follow GOOD ADVICE when they KNOW they OUGHT TO. Perhaps we are all more or less that way. All the wise men of all ages have urged their fellow beings to PUT AWAY SOMETHING for a RAINY DAY. Good old Benjamin Franklin's sayings on economy and saving alone ought to make a bank book holder of EVERY ONE. If you have DELAYED, suppose you act HONESTLY with YOURSELF RIGHT NOW.

Los Angeles Produce Market
Peach receipts were 4194 boxes yesterday. They have been in that relative arrival for the past two months, breaking all past records for the crop shipped in. The harvest in the state will exceed any ever picked and the percentage of the crop is 94 against an eight-year average of 74. This is not the only state in which peaches have been plentiful, the crop average of the United States being 63 per cent, against a past percentage of 54 in ten years. Pears fall in the same category and the receipts of pears in Los Angeles have climaxed the past. There is only a 4 per cent increase in the California crop. Even grapes have shown an advance of several per cent over the 10-year average. There were no changes in the market on any of these commodities yesterday morning and trading was good all the morning fruit list.

Receipts of eggs were the lowest this year, only 89 cases having been reported in. The market was firm at 35. In the north a slight increase was registered, eggs selling at 39 for case count. Butter arrivals were 55,780 pounds, and the market dropped one cent. The northern market was 30½ cents. Cheese receipts were 2190 pounds. Imported varieties were in good call.

Potato arrivals were 5105 sacks. The market was barely steady. The registered crop of potatoes this year is 10,000,000 bushels against a few more than 8,000,000 last year. The United States crop is estimated at 40,000,000 bushels more than last year, so that it is unlikely that the market will go much higher than it is at the present time until late this winter.

WAR'S EFFECT REACHES TO THE SOUTH SEAS

PAPEETE, Tahiti, August 30 (by mail).—Even at this distance from the theater of the European war business is almost paralyzed. Chinese houses which deal in produce have suffered enormously, owing to the suspension of ocean travel. The vanilla, copra and pearl shell markets have collapsed. All credit virtually has been closed by the bank.

The German steamer Walkure, of 3336 tons, was captured while loading phosphate rock at Makatea Island, and the vessel and crew were brought hither, where they have been detained.

The French military authorities have shown great activity. Heavy guns for the protection of the town and harbor have been mounted, and a force of between 500 and 600 has been mobilized.

All German trading houses were closed by order of Gov. Fawtier, and the entire German colony with the exception of Herr Georges Hoppenstadt, the German consul, has been placed in detention on Quarantine Island. Owing to the bitter feeling against Germans in some quarters, German property has been placed under military protection. Herr Hoppenstadt, his wife and family, left for San Francisco via the Union liner Matia.

Po-Do-Lax Banishes Pimples
Bad Blood, Pimples, Headaches, Biliousness, Torpid Liver, Constipation, come from Indigestion. WANTED—Let us put your old wheel in water stock for run No. 2. Hill & Walker, 221 West Fourth St.

Facts in Connection With War Presented in Brief

(From Los Angeles Financial News.)

The Federal Reserve Board granted the application of the National City Bank of New York to establish main branches in Buenos Ayres and Rio de Janeiro.

The first ship to be registered under the American flag under the provisions of the recently-enacted ship registry law is the Moldegaard, built in Norway in 1906, and owned by the Ocean Freight line of New York. The papers of registry were signed Monday.

Great Britain has laid an embargo on the shipment of livestock, according to information obtained at the state department by Representative Barnhart of Indiana. An Indiana firm made complaint that it had failed to receive a drove of horses that it had recently purchased in England. State department officials advised that it had received advice that Great Britain would not permit the shipment of horses out of the country during the war.

In view that an arms company in Connecticut and one in Pennsylvania were violating the laws of neutrality a resolution calling on the secretary of state for information relative to alleged violations of the neutrality laws of the United States has been introduced in Congress as follows:

"Whereas, it was reported in the public press that a manufacturing concern at Ardmore, Philadelphia, is preparing to ship through Canada fourteen armored cars sold to the British government and that an order for 1000 of these cars is now being filed, these cars to be sold for the use of England, France and Russia; Whereas, it is further reported that the Colt Arms company of Hartford, Conn., is furnishing rapid-fire guns for use by the belligerent nations of Europe; therefore, be it resolved, that the secretary of state furnish to the house, if not incompatible with the public interest, information as to what steps if any have been taken to prevent the shipment of such contraband of war."

No change has occurred in the New York money market. Bids for 8 per cent are made for time loans, but the supply of cash is limited. It is regarded as noteworthy that interior

Walnuts, Grapes,
Almonds, Apples,
Pears, Cherries,
Prunes, Peaches,
Apricots, Currants,
Gooseberries,
Blackberries, Etc.

are successfully grown in the Templeton-Paso Robles district without any irrigation whatever—without irrigation! Do you get that? Think of the advantages to be had in fruit and nut growing under California conditions but with no irrigation. It means no initial or maintenance expense of a water system, no costly irrigating. It means a lower cost of production, finer flavored fruit and better keeping and shipping quality.

No Irrigation?

Absolutely true. It's demonstrated beyond any question, and the quality is also proven by the many medals and blue ribbons won at important fairs and exhibitions.

This district is one of a very few localities in California where fruits and nuts can be grown to perfection in commercial quantities without irrigation and is sure to attain great distinction. Next week I will tell you about the advantageous market conditions, the delightful climate and beautiful scenery.

I have a list of good ranches—most any size—at low prices. For particulars, write me your name and address.

A VISION OF WAR

By Robert G. Ingersoll

The past rises before me like a dream. Again we are in the great struggle for national life. We hear the sounds of preparation—the music of boisterous drums—the silver voices of heroic bugles. We see thousands of assemblages and hear the appeals of orators. We see the pale cheeks of women and the flushed faces of the men; and in those assemblages we see all the dead whose dust we have covered with flowers. We lose sight of them no more. We are with them when we enlist in the great army of freedom. We see them part with those they love. Some of them are walking for the last time in quiet, woody places with the maidens they adore. We hear the whisperings and the sweet vows of eternal love as they lingeringly part forever. Others are bending over cradles, kissing babies that are asleep. Some are receiving the blessings of old men. Some are parting with mothers who hold them and press them to their hearts again and again and say nothing. Kisses and tears, tears and kisses—divine mingling of agony and love. And some are talking with wives and endeavoring with brave words, spoken in the old tones, to drive from their hearts the awful fear. We see them part. We see the wife standing in the door with the babe in her arms—standing in the sunlight sobbing. At the turn of the road a hand waves—she answers by holding high in her loving arms the child. He is gone, and forever.

banks are inclined to hold their reserves intact. Recent action of some of these institutions, especially those which called loans early in August, has been the subject of some criticism.

The insolvency of the stock brokerage firm of Moreau, Liebler & Co. of Philadelphia is announced. The liabilities of the firm are said to be small.

Advices from New York say that that city will within a few weeks announce a new loan of between \$120,000,000 and \$130,000,000 at not less than 7 per cent, in order that the new issue will be attractive to investors. This is the first new municipal loan that has come up for discussion since the war started, and gives some indication as to what municipalities will have to pay for money. During the Franco-Prussian war, American municipalities paid as high as 8 per cent for money, and some of the bonds are still out. It is certain that New York city would not attempt any financing if it did not have \$32,000,000 in securities maturing in England and France before the first of the year. Even at the rate of 7 per cent bankers regard the loan as a sort of an accommodation, and will require certain conditions of the city, such as an increase in the tax rate, suspension of further financing, etc. In this connection it is well for investors to remember that New York city bonds usually sell on a lower basis than the bonds of most of the Western States. With the metropolis facing a 7 per cent rate, the outlook for municipal financing in California is not bright.

Chicago packers are unable to transact business with their Argentine houses due to the paralysis of gold credits. No meat is coming from Argentina at present. Chicago packing houses have over \$25,000,000 invested in Argentina.

While the European war has caused some of the copper smelters of California to shut down and others to curtail their output, it has been of benefit to the only iron smelter in Shasta County, that at Heroult on the Pit. The Noble Electric Steel Company has decided to start up one of the furnaces, perhaps two, at its electric smelter and turn out ferro-manganese. This form of steel was sold at \$35 a ton before the war began and it now demands \$150 a ton if the alloy contains 80 per cent manganese. While the receipt of certain consignments from England has steadied the price somewhat, the steel trade papers of August 20th quote it at from \$100 to \$125 a ton on the Atlantic seaboard. Near Heroult is the largest body of manganese ore of high grade on the Coast. The company will not only ship the ore, but it will manufacture the steel in the electric smelter at the rate of five tons a day per furnace. Ferro-manganese is used in the manufacture of all steel products. Shasta County has relied almost entirely on England and Germany for its supply of ferro-manganese of 80 per cent quality. It has always been the desire of the Noble Electric Steel Company to enter the field of making ferro-alloys of manganese and chromium.

There has been a lot of loose talk as to the benefits which may be reaped through having the nations of Europe tear and mangle each other. The real broad result of it all, however, was pretty well summed up by

L. Vogelstein, a well known copper man of Boston, on his arrival from Europe Friday when he said: "My personal belief is that this war is going to do so much harm to the countries involved, to the people and to business that no benefit that can be derived from it can compensate the world for the terrible loss of life, of property and of mutual good feeling which had existed prior to the war."

Owing to the condition of the money market, City Treasurer Smith of Worcester, Mass., has recalled requests for bids which he had sent out for a loan of \$150,000 in anticipation of revenue. The bids were to be opened this, Saturday, afternoon. Mr. Smith received word that the lowest rate obtainable was 6 per cent.

There are undoubtedly those who will benefit directly by the war in Europe. Some of the American railroad people believe they will benefit next year in that the American desire for travel will have to be largely exercised within the boundaries of the United States. Says an official of the Southern Pacific railroad: "The war will keep in the United States next year between \$200,000,000 and \$300,000,000 that would otherwise be spent by American tourists abroad. The war will stimulate the 'See America First' movement. When the many tourists who have been spending fortunes in travel abroad see such scenic wonders and outing spots as California and the Pacific Coast offer, they will come back again and again."

There is practically nothing doing in the bond market. One of the largest bond houses in Boston last week sold only two bonds. Bond dealers are not soliciting business. About the only business moving at all is where investors come in voluntarily and make a bid for a bond at a price which the house is willing to accept. Speaking of the market a well known bond dealer said: "I have just been out to see a man of large means who is usually a discriminating purchaser of bonds and received the most cordial welcome. Ordinarily one to two bond salesmen call on that man each day. But he told me I was the first one who had called on him since the outbreak of the European war. He wanted to buy bonds. His argument was that the poorest time to buy securities is when salesmen are trying hardest to sell; that the best time to buy must be when dealers are least anxious to sell."

The Government of Australia has announced to the world that all exports of foodstuffs from its borders had been prohibited. The forbidding of food exports to neutral or warring countries was announced by Joseph Cook, Prime Minister, and is taken to mean that all Australia's beef, mutton, wheat and flour will go to England.

IN OTHER LANDS

In the House of Commons a bill has been introduced which enables the Chancellor of the Exchequer to issue certificates to bankers, instead of actually issuing notes, so as to give the bankers the benefit of State credit without actually taking out the notes.

In addition to the German war levy of \$40,000,000 on Brussels the province of Brabant has been levied on for \$90,000,000, to be paid by September 1.

Professional war experts express the opinion that the war will last at least two years. These experts believe that the German armies have won a confidence in themselves in their initial contest which may take them to the forts of Paris eventually. The present judgment of the experts is that it will be at least six months before the German army can reach Paris and that if they invest the French capital it will withstand a siege for at least a year or a year and a half. On the other hand they also believe the Germans can hold back the Russians from Berlin while conducting their attack on France.

London stock exchange committee has decided that the situations of clerks who have been mobilized for service will be kept open until they return. The rules have been altered so as to allow vacancies to be filled temporarily.

The Prefecture of Police in Paris estimates that there are 600,000 out of work in the French capital and its suburbs, or nearly one-sixth of the total population of the Department of the Seine.

There has been almost complete cessation of orders in the dressmaking, millinery, artificial flower, lace and embroidery and related industries in France, which under ordinary circumstances employ over 4 per cent of the laborers of France.

Of the war indemnity of \$40,000,000 demanded by Germany from the city of Brussels, \$4,500,000 has been paid already.

The authorities at the Louvre have removed the Venus de Milo and other art treasures, gems and state jewels to the vaults. They have also strengthened the roofs of all the picture galleries with sandbags and other protection against an aeroplane bomb attack.

Three hundred locomotives from the railroads of Belgium were brought

to Paris this week to prevent their being used by the Germans.

The embargo on the export of Jamaica sugar has been removed, except as to the countries with which Britain is at war.

France has replied unfavorably to the proposal of the United States that ships owned by belligerent countries but chartered by this Government for the sole purpose of "repatriating" Americans be regarded as neutral.

The American Government is making inquiries on the Tyne and Clyde for a considerable number of ships which can be used for the conveyance of foodstuffs and passengers during the war or converted into troop ships.

Japan has \$50,000,000 in gold to defray the expenses of the war with Germany in the Orient.

Meats in Paris this week sold at the lowest prices in twenty years, and at the central markets yesterday vegetables were abundant and comparatively cheap. This in spite of the fact that some merchants have raised their prices at the risk of boycott and prosecution.

France and Great Britain have agreed to advance Belgium the sum of \$100,000,000 to help meet the demands of Germany, each power to contribute \$50,000,000.

Japan formally declared war on Germany at 6 o'clock Sunday evening.

London Board of Trade has made an appeal to Britons to follow the war on land and sea by an industrial war, as a result of which the trade mark "Made in Germany" or "Made in Austria" will never be seen again on goods in any English warehouse or shop. This boycott is endorsed by the whole press, which calls upon the British merchants and manufacturers to organize a movement which will end forever Germany's supremacy in any branch of trade.

More than \$1,000,000 worth of return tickets to the United States were held by American tourists at the outbreak of the war—good only on ships of the Hamburg-American and North German Lloyd lines.

The war session of the Canadian

Parliament was closed Sunday afternoon by the Duke of Connaught. It was the briefest session Parliament ever held, having lasted but five days. During that time the town houses voted \$50,000,000 for war supply.

Japan has placed a strict censorship on all cable messages to and from the empire. Names and addresses of the sender and recipient of messages must now appear. Code is not allowed in messages to Japan but may be used in messages sent from there.

The Bank of Montreal announced that the directors had authorized a contribution of \$100,000 for national patriotic purposes.

The Bank of Spain has decided to establish agencies in New York and Buenos Ayres.

At Etrstat, on the Norman coast, out of a population of 1900 only thirty-four men are left and there is not a horse in the place excepting a few old animals.

The second issue of £15,000,000 (\$75,000,000) in treasury bills in London has been another success. The total applications, which were principally from banks, amounted to over £40,000,000. Those who made application at a fraction over £98 will get their allotments in full. The interest works out at slightly over 3 1/2 per cent.

An attempt to blow up one of the chief London banks, Wednesday, had led to an official warning to all banks to examine thoroughly on delivery all deep boxes deposited with them. A harmless looking deep box was presented at a London bank for deposit in the strongroom. A sharp ear caught an ominous ticking, and an infernal machine was discovered in the box.

A resolution as the basis for the forthcoming war-loan bill was introduced in the House of Commons Thursday. The sum to be raised will include not only the vote of credit for \$500,000,000, already authorized, but the sum by which revenue will be diminished in consequence of the war. The method by which the money is to be raised will be left to the discretion of the treasury.

The province of Ontario will make its first contribution to imperial aid in the form of a quarter of a million bags of flour, at a cost of \$750,000.

It is estimated that 2,000,000,000 francs in silver is now hoarded in France, so that even the small coins are going into hiding.

Paper notes of fifty centimes, one franc and two francs are being printed under the authorization of the French government by the Paris Chamber of Commerce to supply change. The first issue amounts to 10,000,000 francs (\$2,000,000.)

FEDERATED CHURCHES ISSUE APPEAL FOR MERCY IN THE WAR

NEW YORK, Sept. 14.—A plea for amelioration of the horrors of war has been issued from this city.

It was made by the Federal Council of Churches of Christ in America, which announced it had sent an appeal to the Free Church Council of Great Britain, the Protestant churches of Scotland and Ireland, the Evangelical and Lutheran churches of Germany, the Evangelical churches of France, the Greek churches of Russia, Greece and the Balkan states, as well as to the Roman Catholic Church.

The bodies were asked to urge through church services and through the religious families having kindred in the armies to write them personal letters exhorting them, whatever may be the provocation of the enemy, to reduce in every possible way the horrors of war. Copies of the appeal have been submitted to the American ambassadors of all the nations at war.

—Dance at Moose Hall every Saturday evening commencing Sept. 19, 1914, under personal management of C. C. Fipps. Purliss Orchestra.

"S. S. Missourian"

The Missourian on her first westward trip through the great Panama canal brought to us from the "Farber" factory at New York the largest and best assorted line of hammered brass ware ever shown in Santa Ana.

We want to "show you" Vases, Writing and Desk Sets, Smoking Sets, Jardiniers, Baskets, Portable Reading Lamps, and other novelties. We have these in the popular dull brass finish, also the new statuary bronze finish.
